ANTI-TREATING BILL IS SLAIN

Maddix Measure to Make Each Man Buy His Own Drink Smothered.

EARLY-CLOSING IS ALSO KILLED

General News and Gossip of the Legislature of Indiana.

Indianapolis, Feb. 17.—The ax swung heavily at a meeting of the house morals committee of the Indiana legislature late yesterday. Three bills introduced by Representative Maddox were killed. One was aimed at the "treating" habit in saloons, another required saloon closing at 9:30 o'clock in the evening, while the third was designed to take the power of granting saloon licenses out of the hands of commissioners and place it in the hands of the circuit judge.

The Covert bill to prohibit ball playing and horse racing on Decoration Day likewise fell under the ban of the committee. It was the consensus of opinion that the bill, if enacted into law, would be unconstitutional, since it did not include all other sports.

There will be a divided report on the Brown bill, which seeks to keep dry territory dry and wet territory wet until an election is called. The enactment of this bill, it was pointed out, would conflict with the automatic feature of the new local option law. The majority report recommends indefinite postponement. The comittee split on party lines.

GOSSIP OF THE SOLONS.

Indianapolis, Ind., Feb. 17.—The spiciest resolution of the session in the senate was slipped into the deliberations of the upper house last evening just prior to adjournment by Senator Sexson. The unsuspecting majority went on with its private business, loading up omnibus bills, arranging for a caucus or what not and was not aroused to the situation until it was too late to protest.

The resolution, couched in the most dignified language, set forth that whereas the governor had proposed a change in the organic law of the state, the decision having been reached "between the rising and the setting of the sun," it was useless to await the delay and expense of an election.

The Resolution

The resolution concluded:

"Therefore, be it resolved, that the election proposed on the aforesaid constitution be and is hereby dispensed with and a committee of one be appointed, consisting of the governor of the state of Indiana, to proclaim the constitution to be in full force and effect from and after its adoption by the democratic joint caucus, and be it further

Resolved, That the aforesaid committee be and is hereby instructed to revise the Lord's prayer, amend the declaration of independence, repeal the Mosaic law, bring the thirty-nine articles of faith down to date, abridge the sermon on the mount and do all other things as will appear, in their infinite wisdom and supreme interest in the welfare of the people, to be fitting and proper, and

"Be it further resolved, That all campaign speeches delivered in the year 1908 by the aforesaid governor of the state of Indiana, in which he chastized the republican governor and republican president for interfering with the legislative departments of government, be and are hereby subject to the executive ban not to be referred to, published or recalled within the borders of aforesaid state of Indiana, as long as the executive will may so direct."

When the full meaning of the instrument was learned it was declared rejected by the majority.

For Statewide Prohibition.

In support of the constitutional amendment for statewide prohibition which he has introduced, Senator W. M. White, of Crawfordsville, yesterday presented to the senate a petition furnished to him by the leaders of the state W. C. T. U. There are alleged to be the names of 48,715 persons upon the petition which prays for the submission of a resolution to the people of the state.

There were three divisions of the petition which were mounted on canvas strips. One 173 feet in length contained the names of 5,363 voters, another 660 feet long containing the names of 20,475 children, the third being 783 feet long with the names of 22,878 women signed to it. The total length of the petition was 1,616 feet and it was secured from seventy-four counties in the state, all of the dry counties and four wet counties being represented.

The members of the union have been working for two years on the petition, which was referred to the committee on constitutional revision and ordered to be read by the committeemen.

Senator Yarling, chairman of the committee, asked for a requisition of ten deputies in order that the reading might be completed before the end of the session, a request which was quickly granted, the chairman to pay the deputies.

Caboose Bill Passes.

The passing to engrossment of the Beal senate standard caboose bill in the house of the Indiana legislature without a scratch, though opposed by some, was taken as an indication of the strength behind the measure.

Desultory effort was made to extend the time of complete rehabilitation of such rolling stock to 1917, Representative Wells leading the movement. The proposed amendment was punctured when Representative Hammond, for a quarter of a century a train man, declared that the talk about confiscation was hollow.

"The companies," said he, "rebuild their cabooses at least once a year, keeping them practically new, and such a bill as the one now before the house would prompt the cry of 'confiscation,' even if extended to 1917, just the same as it does now."

Representative Wells said this morning: "All the king's men and all the king's horses cannot stop the standard caboose bill. I knew that today when I asked for longer time. I believe I was right, however, in asking for an extension of time."

Keeping Order in the Senate.

Keeping order in the senate chamber is one of the hardest problems at times for Lieutenant Governor Hall and it is not infrequently the case that busy hum of industry in the dignified upper house is overwhelmed by the conversation of the third house and loquacious visitors who are anxious to express their impressions of the senate.

Lieutenant Governor Hall is achieving quite a reputation as a disciplinarian on account of the manner in which he impresses upon senators, lobbyists and visitors alike the necessity of maintaining absolute quiet while the senate is in session.

Yesterday there was present a large number of visitors and a lobby with the persistency of a rainy day fly. The lieutenant governor was patient, he forbore to chasten; but at length the virtue of that grace departed and he struck a resounding whack upon the table.

"I trust," he announced, "that you are all able to hear the pounding of the marble. I desire to announce that there must be absolute quiet in this temple. Of course we feel complimented at having so many visitors present, but it must be understood that the rabble will have to be orderly and quiet in the presence of the senate."

GIRL HAS SOME CHANCE.

Jennie Zdawczynski, Burned a Week Ago, May Recover.

Jennie Zdawczynski, the little girl on Knitters avenue who was frightfully burned a week ago when her clothing caught fire as she brushed against a hot stove, is now believed to have some slight chance for recovery. The little sufferer is at St. Joseph's hospital, where all that is possible is being done to alleviate her suffering and to carry her through the crisis. Physicians and nurses say that while the outcome cannot be foretold with certainty, they cling to the hope that the child may survive the burns which involve much of the surface of the body.

APPEAL FOR STARVING ELK.

Cheyenne, Wyo., Feb. 17.—Both houses of the Wyoming legislature yesterday adopted a resolution memorializing congress to assist in the rescue from starvation of 5,000 elk in the county south of Yellowstone park. Governor Carey today received an official report that there is not half enough hay available in that region to save the elk.

NEGRO MURDERER WILL BE HANGED

Slayer of Boy Goes to the Gallows After a Long Hard Fight.

ONCE HELD INSANE

Moundsville, W. Va., Feb. 17.—Frank Stevenson, the negro who fought desperately for his life after killing Mose Blagman, a white boy, in Mingo county in 1907, will be hanged at sundown in the state prison here today. Stevenson was sentenced to death after each of two trials, and then feighing insanity, was sent to the Weston asylum. There he was repeatedly examined by alienists and it was decided he was sane. The third death sentence followed. He will be given a sumptuous meal at 4 o'clock and soon afterward will go to the scaffold, where three guards will each touch a button. Two of them are dummies and none will know which dropped the trap.

SURRENDERS TO SHERIFF.

Man Who Shot Brother Proves to Have Been Wounded.

Noblesville, Ind., Feb. 17.—Charles Avery, who shot and fatally wounded his brother Calvin in this city Wednesday afternoon, surrendered himself to Sheriff York yesterday. He succeeded in eluding the officers for eighteen hours, and it was not known that he was in town until he walked into the office of the sheriff. He told the police that he intended to remain away until the excitement had subsided and then give himself up, being satisfied that he had acted in self-defense. He asserts that Calvin fired twice at him before he used his revolver. Charles says the bitter feeling between himself and his brother is the result of a dispute over the division of some property which their father left them when he died a year ago. It was not known until yesterday that Charles had been shot in the hand. A bullet passed through the left palm. He had the wound dressed at the home of a friend. Calvin is not expected to live. Charles will be held without bail until the result of Calvin's wound is definitely known.

Sergeant Seiler, in charge of the local recruiting station, will go to Bluffton Saturday morning on a canvas for recruits.

A. Moore, a laborer employed in the Pennsylvania freight house, had his left foot badly mashed by a box falling on it this morning.

CROWDS FLOCK TO SEE SHOW

Big Auto Exposition is Drawing Handsome Attendance.

EVENT PROVING GREAT SUCCESS

Widespread Interest Manifested in Big Variety of Cars Shown.

Waiting crowds outside Princess rink compelled the opening of the building to visitors this morning twenty minutes before the hour scheduled for the opening of the second day of the Fort Wayne Auto show. A steady stream of visitors came through the doors all morning and the numbers increased during the early afternoon hours.

The night show is the time the largest number of people prefer to attend, as was shown by the attendance last night which was far in excess of the crowd expected for the first night, as was in fact the attendance during the entire day. Over a thousand people paid admission to the show yesterday, and that the show is an unqualified success from start to finish was fully demonstrated by the enthusiasm displayed by the visitors and as the result the association members, dealers and citizens alike are passing on the word for a bigger and better show next year.

Interest is Widespread.

Interest in this first exposition of its kind in Fort Wayne is widespread. The audiences include men, women and children, and the crowd as a whole is as cosmopolitan as can be found at any of the larger auto shows. Men to whom the buying of an auto is a mere trifle, and others whose dream of possessing a car has not yet advanced beyond the uncertainty of a remote hope, were there, and each apparently was equally absorbed in the handsome cars and the wide variety of accessories shown.

The majority of the visitors scarcely expected to see such a display and they were agreeably surprised and did not hesitate in expressing this surprise in enthusiastic terms. Salesmen and demonstrators were on hand at the different exhibits to answer questions and explain the various parts of cars and motorcycles and appliances, and that they did not show them in vain was shown by the fact that ten or twelve sales of automobiles ranging in price from $650 to $2,100 were made during the day, and the feature of these sales was the fact that the majority of them were made to well known Fort Wayne people, though two or three sales were made to out of town visitors, of whom there were a number present for the opening. Among these out of town visitors present last night were a good many sub-dealers for cars shown at the show, and these sub-dealers will remain until the close of the show.

Come From Out of Town.

The fact that this is the first opportunity for people in this vicinity to witness an automobile show without spending considerable money for railroad tickets is a big factor in drawing people from surrounding cities, and on this account the attendance of out-of-town visitors is expected to be large. The interurban lines are already bringing in many visitors.

Some trouble was experienced yesterday by the ticket-taker with two or three young men who endeavored to gain admission without paying by stating that they were employed at certain exhibits. All persons stating that they have business in the show that entitles them to pass without paying admission will be required to show their credentials.

One feature of the show that is attracting considerable comment is the brilliant system of lighting installed by the Indiana Lighting Co., the combined sixteen arc lights and small lights making the building as light as day. The Indiana Electric company also has a fine display of colored lights decorating the front of its booth, which is in the northwest corner near the entrance to the building. The general effect of the decorations has been the subject of much favorable comment on the part of the visitors, as the lights reflecting against background and ceiling of white and green bunting, trimmed with wild smilax, gives forth a soft glow that is very pleasing to the eye.

A closed light delivery wagon, built for the Rurode Dry Goods Co., by the Fort Wayne Automobile Manufacturing Co., which cost $1,450, is attracting considerable attention at the exhibition as it is a very handsome type of the commercial car.

Two Hupmobiles of the the Randall Motor Car company, which were shipped from the factory at Detroit, and by mistake sent to Quincy, Ill., arrived late yesterday afternoon. Owing to the lack of space but one of the cars, a runabout, was put on exhibition.

Though the attendance was large last night it is expected that it will be much larger this evening, as the people have had an opportunity to judge the exhibition, and in turn will tell other people of the fine showing that is being made.

INDIANS MURDER STOCKMEN.

Reno, Nev., Feb. 17.—Advices from Superintendent of State Police J. P. Donnelly and the sheriff of Washington county, state that the bodies of four stockmen, murdered near Camp Denio, had been recovered.

All were horribly mutilated. Both officers agree it was the work of a band of Indians.

NEAR A CLASH WITH SHERIFF

Danville Grand Jury Gets a Double Cross in Subpoena Service.

DEPUTIES CANNOT FIND WITNESSES

One Man Wanted Comes in Voluntarily to Find He Was Summoned.

Danville, Ill., Feb. 17.—A clash between the grand jury and the sheriff's office is among the probabilities of the next few hours in the election fraud investigation. Ever since the elimination of State's Attorney Lewman it is claimed that Foreman Woodyard has been having trouble in securing witnesses, subpoenas issued being returned with the endorsement "person not found."

This morning Frank Collard, former Danville saloon keeper, converted during the Billy Sunday revival last year and now himself an evangelist, voluntarily appeared before the grand jury. A subpoena had been issued for him several days ago. Collard says he was at home all day yesterday until evening.

Then Deputy Called.

As soon as he left the house a deputy sheriff called over the phone and, being informed that Mr. Collard was not at home, immediately appeared at the house with the subpoena. Not finding his man, the officer marked the subpoena "not found" and returned to the sheriff's office. Bench warrants issued on indictments returned a week ago have not been served, and Foreman Woodyard believes that such a condition antogonistic to the work of the grand jury exists in the sheriff's office that he will be justified in starting something that will assist the future efforts of the jury as much as the elimination of Lewman.

Funds Gone; Work Without Pay.

County Treasurer Wysong today announced to the grand jury that the grand jury funds were exhausted, and that if they continued longer in session they could not be paid. On a vote the jury members determined to "remain in session all summer, funds or no funds, if necessary." Meanwhile members of the county board of supervisors got together and gave it out that at the March meeting of the board funds would be provided to take up all warrants that may be issued and provide sufficient funds for future work should such be needed.

HONDURANS WILL NOT TAKE BONILLA

Say He is in League With a Fruit Trust in the United States.

PEACE DOVE FLITS

Puerto Cortez, Honduras, Feb. 17.—(By wireless to New Orleans.)—"The people of Honduras will never accept Manuel Bonilla for president because he is in league with a fruit trust of the United States."

This declaration made today by General Maximo B. Rosales, peace envoy of President Davila, does not give promise of an early settlement of the revolutionary troubles of the country, as General Bonilla is determined to resume fighting if the presidency is not turned over to him. Davila's report favors a third man for president. Already the revolutionary troops here under General Lee Christmas are growing restless because of the feeling that the peace proposal of President Davila was merely a ruse to gain time. They anticipate further fighting.

The gunboat Wheeling will go to Puerto Barrios Saturday to meet Thomas C. Dawson, who will represent the United States in the peace conference to be held aboard the Tacoma beginning Monday.

NO QUORUM PRESENT.

Traction Directors Remain in Philadelphia Today.

Information from Philadelphia is to the effect that no quorum was present at the meeting of Fort Wayne and Wabash Valley Traction directors, called for yesterday to further considerr plans for refinancing the traction syndicate. It was stated that the business would be taken up today.

WILLIAM ROCKEFELLER ILL.

New York, Feb. 17.—William Rockefeller, brother of John D. Rockefeller, and active for many years in the management of the Standard Oil company, is confined to his room here today with an attack of lumbago, following a cold which he contracted a few days ago. First reports had it that Mr. Rockefeller was suffering from pneumonia.

COLLEGE HEAD WILL QUIT.

Philadelphia, Feb. 17.—Rev. Dr. George Edward Reed, president of Dickinson college, at Carlisle, Pa., has notified the board of trustees of the institution that it is his intenion to resign. His reason for retiring is that he feels that the duties of the office are too burdensome for a man of his years.

A LIABILITY BILL PASSES

Compulsory Relief Measure for Employes Wins in the Senate.

COMMISSION BILLS GET INTO HOUSE

Fleming Bill for Salary Increase for Commissioners is Advanced.

Indianapolis, Feb. 17.—The Beal-Shively employers' liability bill was passed by the senate of the Indiana general assembly this morning without a dissenting vote. There was no objection made to the bill from any quarter.

Under the provisions of the measure the doctrine of assumed risk does not affect liability. Ten thousand dollars is the limit of damages fixed on the loss of life. By the bill fellow servants are not regarded as liable for accident or death.

As the measure passed the senate and as it goes to the house, in case payment is made out of the relief fund the amount so paid shall be deducted from the judgment rendered against the employer.

Street Grade Bill.

The senate passed the Crumpacker bill which prevents changing a street grade without first paying all damages. The Moore bill permitting cities to anticipate taxes to meet temporary expenses also was passed by the upper branch of the legislature.

The house today passed the Clore bill regulating care of cemeteries, the Lieb bill regulating the collection of state fees in the filing of incorporations, the Billman measure defining partition fences and the Walton bill making obligatory the cutting of weeds along partition fences and providing a penalty for failure.

Commission Bills in House.

Twelve new bills were introduced in the house, four in the senate.

Notable among the new house bills was one presented by Representative Wise providing for an inspector of mines; and two providing for a commission form of government for cities. One of the commission bills was offered by Representative Roggen. It is a combination of the Des Moines plan and the Fort Wayne business plan. The other commission measure was introduced by Representative Cook and is the same as that introduced in the senate by Senator Harlan yesterday. This bill was indorsed by the Indianapolis Commercial club.

Representative Spencer presented two bills—one to regulate the conduct of non-medical healers, the other to regulate sanitary conditions in workshops.

Fleming Salary Bill Advanced.

The house adopted the majority report of the fees and salaries committee on the Fleming senate bill providing for increases in the salaries of county commissioners of Vigo, Allen, St. Joseph, Lake and Marion counties. Under the provisions of the amended bill, the measure having been recommitted to committee yesterday after considerable discussion the salaries of commissioners are as follows: Vigo, $1,200; Allen, $1,800; St. Joseph, $1,200; Lake, $1,200; Marion, $2,400. The bill went to engrossment.

The judiciary committee was unanimous in its report recommending for passage the Yarling senate bill to amend the accounting law. Everything, however, below the enacting clause had been stricken out, and a new measure framed from the original Yarling bill and the Wells house bill which recently was recommitted.

Wells Features in It.

Many of the Wells features are in the measure, notable among them being the "board" feature, which does away with a "chief accountant" and gives the three members of the board equal authority. The salary of the chairman of the board is fixed at $3,500—a reduction of the salary under the existing law of $500. The number of salaries is not limited. Examiners' pay is fixed at $8 a day.

The McMullen bill to increase the salaries of prosecuting attorneys and the Higgins bill to increase the pay of township trustees were killed this morning on the recommendation of the fees and salaries committee.

The Tingle measure to appropriate $1,800 to pay off the bond issue of the Wabash and Erie canal was killed by the ways and means committee.

Governor Marshall today signed two bills, one being the Kistler bank examiners bill, dubbed the "ripper bill" in the senate and the Grube measure concerning the election of county school superintendents.

RULES ON MEDICAL QUESTION.

Attorney General Holds Lost Doctor's Certificate May Be Replaced.

Indianapolis, Ind., Feb. 17.—The holder of a lost or destroyed certificate from the state board of medicine, registration and examination, is not compelled to take another examination to get his certificate renewed, according to an opinion rendered yesterday by Attorney General Thomas M. Honan. The opinion was given at the request from Dr. W. T. Gott, secretary of the board. Mr. Honan holds that the law looks to substance and not to shadow, and while there is no provision on the statute books to settle the question, the attorney general declares thatthe board may, upon a proper showing that such certificate is lost or destroyed, issue another, or that the clerk of the county court may issue a license to practice medicine upon proof of record of the old certificate.

ANNEXATION BLUFF FALLS

House Committee Squelches Bennett Resolution in Much Haste.

NOTHING DOING ALONG THAT LINE

Great Britain is Greatly Disturbed by Affairs on This Side.

Washington, Feb. 17.—To offset the Canadian annexation talk, which the administration feared might affect the reciprocity agreement, the house committee on foreign affairs today, by a vote of 9 to 1, reported adversely on the resolution introduced yesterday by Representative Bennett, of New York, for the opening of negotiations with Great Britain looking to the annexation of Canada. Mr. Bennett was the only member who voted for the resolutions.

The committee's action followed conferences of Chairman Foster, of the committee, and Acting Chairman McCall, of the ways and means committee, with President Taft today.

BRITONS MUCH DISTURBED

London, Feb. 17.—There is no room for doubt that the Canadian annexation resolution introduced in the house of representatives yesterday by Representative Bennett has greatly disturbed certain minds on this side of the Atlantic.

So serious is the matter taken by the imperial preference party that it will be made a subject of interpellation of the government in the house of commons on February 21. Premier Asquith will be asked at that time if he intends to send any communication on the subject to the United States government.

Hurts Trade Proposals.

The flurry caused by Representative Champ Clark's declaration that he hoped to see the day when the American flag would float over the British North American possessions had scarcely passed when the cables brought Mr. Bennett's resolution asking the president to enter upon such negotiations with the British government as he might deem expedient for the annexation of the Dominion of Canada to the United States.

At once the dying agitation in opposition to the United States-Canadian reciprocity agreement was revived. The liberal press refused to take either the speech of the future speaker of the house or Mr. Bennett's resolution seriously, but a portion of the tariff reform press is making the most of both for their own uses.

SPEND TWO DAYS IN THE BRANCHES

Iowans Who Climbed from a Flood Rescued Almost Dead.

HAD NARROW ESCAPE

Wheatland, Iowa, Feb. 17.—Chilled, numb and hungry after clinging for 36 hours to the branches of a tree, Harold Tyron and Charles Rice, two trappers living on an island in the Wapsie river, were rescued late last night nearly dead, narrowly escaping being victims of the flood of water which swept down through the river bottoms. Tyron and Rice woke up Wednesday to find their boat swept away, their tent surrounded by water and the river full of floating ice.

The water rose rapidly and the men were obliged to climb a tree for safety. They were discovered by Fred Schocker, who saw them from the shore. Having no boat he was obliged to go to Wheatland and bring out a skiff to the place in a wagon in order to rescue the men.

FINED FOR STEALING SHOES.

Beers Said He Intended to Pay for Them After a While.

Adam Beers, employed at the Fort Wayne Rolling mills, was fined $1 and costs in the city court today for stealing a pair of shoes from S. B. Thing & Co. He stated that he intended to return later and pay for the shoes which he had under his coat when he left the store.

Pulled Off the Lock.

Somebody pulled the lock off the door at the Eckert cigar factory on East Wayne street last night and it is beleived an attempt was made to rob the place. If robbery was intended the robbers were frightened away before they got into the office.

VENERABLE PASTOR DEAD.

Goshen, Ind., Feb. 17.—Rev. Dr. Hervey L. Vannuys, aged nearly 82 years, who came to Goshen in the fall of 1852, who organized the First Presbyterian church here the following spring and who was the active pastor of the church up until June 1, 1903, when he was succeeded by his nephew, Rev. E. A. Vannuys, the present pastor, and made pastor emeritus, died yesterday at his residence, No. 414 South Fifth street, where he had been confined to his bed for three weeks.

NAVARRO NOW ON WARPATH

A Heavy Force Mexican Commander Sends for Rebel Leaders.

MADERO AND HIS CAPTAINS SOUGHT

A Few Hours Should Take Him There and Then for Battle.

El Paso, Feb. 17.—After fifty hours of inactivity following his arrival from Chihuahua, General Navarro sent forces from Juarez this morning of 500 infantrymen, 200 cavalry and two field pieces, marching east in the direction of Guadeloupe, where Madero, Gonzales and the insurgent chiefs are located. They should reach Madero's location in about five hours.

hours. General Navarro remained behind in Juarez.

INSURGENT FORCES UNITE.

El Paso, Texas, Feb. 17.—Officials of the Mexican Northwestern railway report that Orozco and Blanco, the insurrecto leaders, have finally consummated a junction of their forces and are located near Ascension, about sixty miles southwest of Juarez. The insurrectos cut all the telegraph wires on the Mexico Northwestern between Guzman and Casas Grandes.

Brigadier General Joseph W. Duncan, commanding the department of Texas, arrived yesterday from San Antonio. He will inspect the United States patrols on the river today.

NAMED BY EDUCATION BOARD.

Demarchus C. Brown Again Chosen State Librarian.

Indianapolis, Ind., Feb. 17.—The state board of education yesterday re-elected Demarchus C. Brown state librarian for a term of two years. The vote of the board was unanimous. The board also adopted a resolution asking the general assembly to recodify all laws governing state educational work. The resolution recites that many laws are obsolete and that the many changes enacted by the legislature hamper the work of the schools. Members of the legislature who are educators and members of the committees on education probably will make an effort to have the laws recodified before the session closes.

Representative Homer L. Cook, chairman of the house committee on education, spoke of the various bills now pending before the house relating to schools, but the board made no formal recommendations. The day was devoted largely to hearing reports of members who have been visiting high schools of the state. The burden of the reports was that all schools are in excellent condition, and that the work of the year 1910 was superior to that of previous years. A meeting was held this morning to transact routine business.

AGAIN AFTER MR. FOELKER.

Alleged Legislative Briber's Lawyers After Ex-Congressman.

New York, Feb. 17.—Counsel for Frank J. Gardner, former state's senator, whose trial on a bribery charge speedily resolved itself yesterday into a spirited attack on the record of Congressman Otto G. Foelker, the chief witness for the prosecution, were ready to resume the grilling of Foelker on cross examination when court opened today.

Gardner is accused of offering Foelker a bribe of $12,000 to vote against the anti-race track betting bills when those measures were pending in 1908 at Albany, where Foelker was then serving as a member of the state senate. Foelker testified yesterday that Gardner had offered the bribe, which was refused.

MORMON CHOIR NOT TO TOUR.

Attacks on Church by Magazines Causes Ban to Bo Issued.

Salt Lake City, Utah, Feb. 17.—On account of the attacks on the church by popular magazines, the first president of the Mormon church has forbidden the proposed visit of the tabernacle choir to New York next fall.

The choir had been offered a large sum to sing an irrigation ode before the National Land show next October. The edict was delivered by Anton H. Lund, first councilor to President Smith. He informed the choir that in view of the bitter attitude of the eastern magazines towards the Mormons, the first presidency did not think the choir would meet with a cordial reception at this time and would not approve of its tour.

THE WEATHER.

Washington, Feb. 17.—Forecast for Ohio—Unsettled; rain tonight or Saturday; colder; brisk west, shifting to north winds.

Lower Michigan—Unsettled weather, probably rain or snow tonight or Saturday; colder tonight and in southeast portion Saturday; moderate north and northwest winds.

Indiana—Rain tonight, followed by clearing Saturday; colder, moderate variable winds, becoming northeast.

Illinois—Threatening, with rain tonight and probably Saturday; colder tonight and in south portion Saturday.

PAID HER FINES WITHOUT A KICK

Grand Jury Indictments Are Being Cleaned Up in Circuit Court.

NEWS OF THE COURTS

Without waiting to see whether or not the indictments returned by the grand jury are valid or not Emma Kleindinst paid four fines today, amounting all told to $136.60. She was charged under the indictments with renting houses for immoral purposes and the fines in each case was $25 and costs.

These cases are nearly all cleaned up and the only contests that are expected are looked for at the hands of owners who entered into an agreement under which there was a pretended sale with the provision that the money paid as rent should apply on the purchase price. Under this agreement, if it had been carried out, more than $40,000 would have been received for the building before it finally went into the hands of the lessee.

New Date for Trial.

In the superior court the case of Isaac Yarian against one Rinkensberg and Dan Klatz, now a sergeant on the police force, was postponed to May 23. This action is brought to recover damages for being ejected from a street car.

Spent Three Lively Years.

Lulu Reed spent three lively years with Alva Reed and she is tired of the excitement and longs for a change and has asked for a divorce in a suit filed in the superior court today.

They were married in March, 1908, and lived together until a few days ago. She charges that he drank to excess during all their married life, struck and beat her and threatened to kill her. To make matters worse, it is charged, he accused her of immoral conduct and failed to provide for her. She wants the name of Creider restored. M. H. Luecke is her attorney.

Charges Abandonment.

In her divorce suit against Wesley A. Stemen, Bertha May Stemen charges that he abandoned her and declined to provide for her. H. W. Kerr filed the suit.

To Call Claim Docket.

Judge O'Rourke has issued notice that the claim docket will be called in the circuit court room tomorrow morning at 9 o'clock.

FIRST CASE IN A YEAR.

Woman Taken to Isolation Hospital Ill With Case of Smallpox.

Mrs. Floyd Page, was removed today from rooms at 108 Baker street, to the isolation hospital suffering from smallpox. The patient had been ill for several days and no report was made of the case for the reason that she did not think it necessary to call in a physician. Her condition became so much worse today that a doctor was called and he made a report to Dr. Eric Crull, of the health board, who immediately put a sanitary officer on guard and instructed him not to allow anybody to enter or leave the premises.

A child in the house, who is a daughter of the smallpox patient, has just recovered from an attack of chicken pox and it was thought the mother was suffering from the same disease. This is the first case the city has had in a year and every effort is being made to prevent a spread. Persons who have been exposed will be compelled to submit to vaccination before they can leave their rooms.

HAS SCARLET FEVER.

Walter Klebe, Lad Who Fainted in Gymnasium at Washington School.

Walter Klebe, 13 years old, son of Henry Klebe, 1117 Garden street, is suffering from scarlet fever according to the diagnosis of physicians today and the residence was quarantined accordingly. The Klebe lad is a pupil at the Washington school, and fainted during the progress of the daily calisthenic drill yesterday, giving rise to the rumor that his condition had been due to vitiated air in the gymnasium. One or two other lads were affected, but this is believed to have been due to the sight of Young Klebe sinking to the floor in a faint. School authorities scout the idea of bad air in the gymnasium and point to the fact that none of the girls suffered any bad effects from the drill. It is learned that the Klebe boy complained of illness on his way to school.

LEGISLATORS ARE FIGHTING CHANGE

Cities and Towns Able to Agree on the Paving Laws.

THE CITY HALL NOTES

Member E. J. Lennon, of the board of public works, is back from Indianapolis, where he has been trying to help along with a changed street paving law and in his opinion the cities and towns are perfectly agreed upon what they want but the representatives can not agree upon what they think good for them.

Representative Thornton believes that his bill is plenty good enough and he don't want it trifled with. Representative Moss has an amendment that he thinks ought to be enacted but he has been unable to get it out of the committee so far. This amendment gives property owners the privilege, if a majority of them ask for it, the right to pave intersections at any street corners they may be interested in and also provides that if a majority of the owners petition for it they can have a street paved regardless of whether the estimated cost of the improvement exceeds half the assessed value of the land.

Mr. Lennon says he does not know what will be done with the paving laws but he thinks track elevation will go through for Fort Wayne without opposition. The bill now before the assembly is the same that Fort Wayne has operated under except that it makes it apply to cities of populations of from 65,000 to 68,000. Wrangling in the committees is given as the cause of delay in the matter of street paving legislation.

Most of the cities are about ready to take up street paving and the delay is annoying as no resolutions can be adopted nor can any preliminary work be done until the general assembly takes some final action.

Petitions are Held Up.

Street paving contemplated this season will exhaust the fund of $13,000 appropriated for intersections and as a result petitions for paving Force street from Wallace street to the park, Fourth street from Franklin avenue to Romy's grove and Martin street from Lafayette street to Hanna street were held up by the board of public works last night. If some of the other paving for which plans have been ordered is killed then the petitions will be taken up.

Because of delays in the ratification of the contract between the city and the Pennsylvania for track elevation, the board postponed the vacation of Chicago street until February 27.

The clerk was ordered to purchase four iron dump carts for the use of the street cleaning department at a cost of $100 each.

The report of the building inspector for the month was presented, showing the collection of fees amounting to $34 during the month.

REPAIRING HIS AEROPLANE.

Arthur Smith Prepares to Make Another Voyage Into Aair.

Arthur Smith, the young Fort Wayne inventor of an aeroplane, which was badly damaged a couple of weeks ago in an attempt to land after a successful flight, has received new parts to replace the damaged ones from New York and is busily repairing the aeroplane. The repairs will take considerable time and it will probably be six weeks or two months before the machine is in readiness for another trial flight.

THE DEATHS.

KURTZ.

Funeral services for Mrs. John Kurtz, of Milan township, whose death occurred Wednesday at the age of 84 years, was held Friday morning from the residence; interment in the Maysville cemetery. The husband, who is also 84 years of age, is critically ill.

Mrs. Kurtz was a native of Germany, and was married there. Coming to America the family settled in Ohio, removing in 1864 to Allen county. Six children, with the husband, survive. The children are Fred Kurtz, of Maysville; Martha and Nan Milliman, and Henry and Arthur Kurtz, of Milan township, and Katy Beckhart, of Maysville. Mrs. David F. Spindler, of Fort Wayne is a granddaughter.

CUMPSTON.

Mrs. Sarah Ann Cumpston, formerly a resident of Fort Wayne, died Thursday at her home in Detroit.

The remains will be brought to Fort Wayne for interment. Funeral services from the Peltier undertaking rooms Saturday morning at 11 o'clock, Rev. Samuel Wagenhals officiating.

WEAVER.

Martha Ellen Weaver, the lovable little daughter of Mr. and Mrs. Charles Weaver, of Wagner street, died at 6:45 o'clock Thursday evening from tuberculosis after an illness which dates back to last July. The girl was an attendant at St. Augustine's academy and was a member of the Children's sodality of the Cathedral.

The young girl's age was 15 years, 8 months and 16 days. Funeral services Monday morning at 8:30 from the residence and at 9 o'clock from the Cathedral.

FUNERAL NOTICES.

Marks.—Funeral services for Simon P. Marks will be held Saturday morning at 8:30 o'clock from the residence, 736 East Washington street, and at 9 o'clock from St. Mary's Catholic church.

WILL HAVE ATHLETIC FIELD.

New Playground to Be More Comprehensive Than Others.

Plans for the new playground to be established on McCulloch field, the use of which has just been granted by the city, will include tennis courts and a baseball diamond as well as the playspot for the younger folk. The tract of land includes some eight or nine acres. O. N. Guildlin has accepted an invitation to co-operate with the committee in its preparation of the grounds and Mr. Guildlin's experience as an engineer will be invaluable.

The committee at its meeting Thursday evening extended a vote of thanks to the city authorities for the use of the grounds, as well as to the shop baseball league and other interests for substantial manifestation of interest in the playground movement.

AT THE MAJESTIC

A COLD STORAGE EGG.

It is Turned Into a Fresh Comedy and Comes Monday.

Anne Caldwell's latest comedy of American type, "The Nest Egg," with Zelda Sears in the stellar role, will be the attraction at the Majestic theater for two performances, Monday matinee and night.

The cast in support of Miss Sears is one of unusual excellence, being headed by Charles Lane, Charles Gotthold and Blanche Hall.

This comedy of semi-rural life tells the story of a middle-aged spinster, who by taking in sewing by the day and raising chickens succeeds in keeping the wolf from the door. The one sole object of her life is to get a husband and as a last resort she writes a message on one of her eggs, which she sends to the market. The egg instead of being sold is placed in cold storage, where it remains for three years, and she has almost forgotten about it when she gets a telegram stating that the sender has received her message and will arrive on the noon train the following day. Of course the message is taken for a proposal of marriage, but instead it develops that the spinster is wanted as a principal witness in a pure food trial, which is at that time being held in Albany.

The complications arising afford more than plenty of possibilities for the unique work that Miss Sears has been identified with. The cast and production are the same that played for five months at the Bijou theater, New York, and which is now in its fifth week at the Chicago Opera house, Chicago.

COMMISSION TO MEET.

River Front Improvement Movement Is on Its Way.

Mayor Grice today issued a call to the members of the commission that will have charge of the river front improvement work to meet in his office at the city hall tomorrow night at 8 o'clock. The gathering will be for the purpose of organization and discussing the plan to be pursued. This will be on important gathering and the mayor has urged upon all the members the necessity of being present.

WEDS DESPITE INJUNCTION

Philadelphia, Pa., Feb. 17—Two hours after a jury's decision declaring him sane had been announced, thus dissolving the injunction which his brothers and sisters had brought to prevent his marriage, Dr. John Christian Bullitt, son and one of the heirs to the estate of John C. Bullitt sr., author of Philadelphia's charter, was married to Miss Edna Dever, daughter of a one-time police official of this city.

The decision was announced in Media, where the proceedings to determine the sanity of Dr. Bullitt have been in progress for the last three months. The wedding occurred at Hingham, Mass., immediately after a telephone message had told the result of the jury's deliberations to Dr. Bullitt and Miss Dever, who were waiting there.

A KING'S HOBBY.

King Victor Emanuel's passion for numismatics began when he was 10 years old and found among the coppers in his pocket a papal penny with the effigy of Pius IX. He put the coin carefully by, and from time to time he added others until he had saved fourteen papal coins of different dates.

His father then presented him with seventy coins, which formed the nucleus of a collection which is considered one of the finest in the world. King Humbert and Queen Margherita encouraged their son's growing passion for collecting coins, and instead of the usual gifts for birthday or Christmas gave him medals and coins until in a few years the young prince had a collection numbering 3,000 pieces.

He now began to study the history of every coin and of its mint mark, and his mother not only helped on with this work, but often sent abroad for coins which were on sale. When in 1895 the prince's collection numbered 18,000 coins, both foreign and classical, he decided to limit his future collecting to only Italian medieval and modern coins.

It was at his suggestion that an Italian numismatic society was founded, and he assumed its honorary presidency. The collecting of coins naturally became the hobby of the king, who purchased the celebrated Marignoli collection for $20,000 and several others until he acquired nearly all the known specimens of Italian coins, and he then started to write his monumental work of numismatics, the first volume of which has just been published.—London correspondence, New York Sun.

RECOVERED THE HARNESS.

Detective Thinks He Has the Thief in County Jail.

A set of harness stolen a few days ago from Melvin Denny was recovered in a second hand store today where it was sold by a young fellow answering the description of a prisoner who was picked up by Detective Sergeant Pappert Monday. The man is under an assumed name and gave his address at 247 North Harrison avenue, which is the same given to the detective.

NEWS OF FORT WAYNE'S NEIGHBORS

WILL PUSH CASES AGAINST BREWERS

Prosecutor Refuses to Compromise Actions for the Illegal Sale of Liquor.

Huntington, Ind., Feb. 17.—Pressure brought to bear on Prosecuting Attorney Otto Krieg did not avail to bring about a compromise as to the cases now pending against the brewery for the illegal sale of liquor since the voting dry of Huntington county. Report had it that the brewers were getting uneasy since the jail sentence was given Conradt Beos and wished to plead guilty in the three cases in which only fines could be enacted on the dismissal of the fourth case on a blind tiger charge on which a jail sentence could be given.

The blind tiger charge against Messrs. Henry Hoch and William Knipp was dismissed yesterday morning owing to the fact that it was known that Judge Cook could not do otherwise than rule with the defense on the plea in abatement brought on the ground that the case was filed in vacation. However, Prosecutor Krieg immediately refiled the case on the same charge and announced that he would push the case vigorously. Sheriff McCarty arrested Messrs. Hoch and Knipp on the new charge and they at once gave satisfactory bonds.

KNIGHTS OF PYTHIAS.

District Meeting to Be Held in Marion March 1.

Marion, Ind., Feb. 17.—Arrangements are rapidly being completed for the seventh annual district meeting of Knights of Pythias lodges to be held in Marion on March 1, and it is expected to be one of the great events in the history of Pythianism in the district. A big class of candidates will be initiated. The initiatory work will be conducted by William P. Hart, grand chancellor commander. In the evening there will be a great street parade in which it is expected 1,000 Pythians will take part. The procession will be headed by the Second Regiment band.

Helpful Hints on Hair Health

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else' hat. Many a hatband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, failing hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Fort Wayne only at our stores.—The Rexall Stores. Meyer Bros. Co., Four Drug Stores.

HUSBAND GONE WITH CASH WIRES WIFE

Marrie Her for Her Money and Then Skipped With $500 and Other Valuables.

Hartford City, Ind., Feb. 17.—This is the telegram received yesterday by Mrs. Harriett Ross Black from her husband, C. R. Black, who disappeared from home last Monday with $500 of his wife's money, the message being sent from Boston, Mass.:

"I came to myself at Albany, N. Y., last evening. Have just enough money to take me to New York city. Be patient I will explain all matters some day. I lied to you about Los Angeles."

When Black started out for Cincinnati with his hand in his pocket gripping a bundle of wealth which had been given him by his bride to purchase tickets for their honeymoon, he promised he would be back by Wednesday night, but Wednesday night passed and he did not return.

It has been learned that Black not only duped his wife but he also went away without settling a $50 account at the Weller store, where he was employed for a time in the carpet department.

It is also known that Mrs. Black lost more than $500 as the result of her matrimonial alliance with the man. Not only did he take from her the diamond ring he gave her as a wedding present, but it is said that he also took another diamond which was a present from her first husband. A gold watch was also taken to help pass away the time.

Mrs. Black, who was a widow before her marriage to Black, had a considerable amount of money. She is convinced now that he married her for the purpose of getting hold of a bunch of money. She also now believes him to be a scoundrel and will do all in her power to bring him to justice.

AN UNIQUE DECISION

Made in a Suit Against Estate at Huntington.

Huntington, Ind., Feb. 17.—An unusual point was decided in the circuit court yesterday. Zach Wall presented a grocery bill of $104.70 against the estate of Mrs. Kissinger, who died recently, leaving an estate valued at nearly $3,000. The administrator denied payment on the ground that it was Mr. Kissinger's bill and should not have been charged against the wife. The case came into court and yesterday Judge Cook decided that Mr. Kissinger should settle half of the bill out of his portion of the estate and the other half should be settled out of the whole of the wife's estate. This decision involved a rather unique point and the holding was that since both had shared in consuming the groceries the payment should be divided equally.

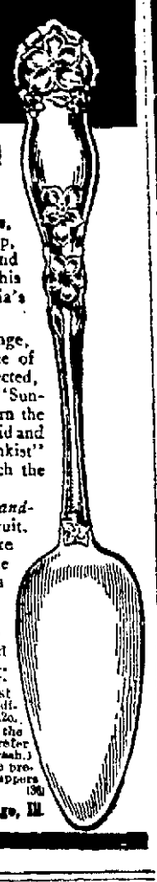
WILL CLOSE SUNDAYS.

Warsaw, Ind., Feb. 17.—Postmaster Eugene Alleman has been notified by the postoffice department that commencing Sunday, Feb. 26, the Warsaw postoffice will be closed on Sundays. This order was issued as a result of a petition of Warsaw citizens filed with the department at Washington and containing the names of the great majority of residents of the city.

SOLD FARM AT ADVANCE.

Columbia City, Ind., Feb. 17.—Dennis Gallivan, who purchased at private sale last November the eighty acres in Thorncreek township owned by Dennis Walter, of Plymouth, for $7,300, has sold the same to Alexander Miller, of Mountayr, Newton county, for $8,000. The new owner bought the farm as an investment.

Eat Luscious "Sunkist" Oranges



"Sunkist" Lemons

If you want the finest lemons grown ask for "Sunkist" brand and note how much juicier they are and how much farther they go in preparing sauces, cakes, pies, salads and drinks.

Seedless—Fibreless—Juicy and Sweet—A Perfect Fruit

Five thousand California orange farmers, raising 60 per cent of the state's entire crop, select, each season, their perfect oranges and pack them under the name "Sunkist." This enables you to recognize and buy California's choicest, tree-ripened oranges.

Until you have tasted a luscious "Sunkist" orange, you cannot begin to appreciate the excellence of oranges that are properly grown, rigidly inspected, carefully packed and swiftly transported. Serve "Sunkists" on your table tomorrow morning and learn the superiority of tree-ripened, fibreless, seedless, solid and sound oranges over the commonplace kind. "Sunkist" oranges are so nearly *all* food that they are much the cheapest kind to buy.

"Sunkist" oranges are *thin-skinned* and are *hand-picked*. The "Sunkist" orange is a firm, solid fruit. Ask your dealer for the "Sunkist" kind and make sure that each orange you get is packed in a tissue paper wrapper labeled "Sunkist." For these wrappers are valuable.

FREE—This Handsome Rogers Orange Spoon

Save 12 "Sunkist" orange (or lemon) wrappers and send them to us, with 12c to pay charges, packing, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful new design and highest quality. MUCH NEW BUILDING.

Portland Will Fare Pretty Well With Opening of Spring.

Portland, Ind., Feb. 17.—Last year Portland fared exceptionally well in the way of the building of new residences and also in manufacturing establishments. The manufacturing establishments completed were: The Portland Body works; the W. H. Hood Canning Factory; the Journay Manufacturing company; the Bimel Auto Wheel & Spoke company, with an addition to the Knocker Shirt & Overall factory building.

Among the new residences to be built are the Detamore home on East Walnut street; the C. W. McLaughlin property, on West Main street, and the Smith residence, on South Meridian street.

There is a possibility of work being started on the new government P. O. building, the site for which has not been chosen. The work of erecting a new K. of P. building has also been taken up again. Some talk was started recently relative to the erection of a new court house, but little is heard of it at this time.

WEALTHY FARMER INSANE.

Columbia City, Ind., Feb. 17.—At a sanity inquest held Thursday at Churubusco, Emanuel Geiger, one of the wealthiest farmers of Smith township, was found to be insane and the insanity board ordered that he be taken in custody by the sheriff and retained in jail until admittance could be gained for him at the Longcliff asylum.

Ezo is a refined ointment, very pleasant to use, and a large glass jar only costs 25 cents.

It surely is the finest thing on earth for swollen or aching feet, and it promptly extracts the pain and soreness from corns, bunions and callouses.

If you want a pair of comfortable feet that wont give you any bother throughout a strenuous day, get Ezo and rub it in.

And Ezo is mighty good for other things, too, sunburn, for instance, and chafing, and is very soothing and healing in skin diseases. Only 25 cents.

A BARREL OF BALZAC LETTERS.

A French academy has received from the Comte de Lovenjoul a priceless collection of letters written by Balzac. The story of his acquisition of these letters is as follows: One day he saw a cobbler light his pipe with a twisted letter. The ink on the paper thereof was faded, but the handwriting interested the collector. He had recognized the great novelist's script, and straightway bought the letter for a napoleon. The cobbler then informed the count tha he had bought a barrel of these letters as waste paper, which he used for wrapping shoes when he was not lighting his pipe. And that is the history of the academy's Balzac letters, fonds Lovenjoul.—Independent.

How to cure a cold is a question in which many are interested just now. Chamberlain's Cough Remedy has won its great reputation and immense sale by its remarkable cure of colds. It can always be depended upon. For sale by all dealers.

COTTON KING IS ILL IN NEW YORK.

W. P. BROWN.

New York, Feb. 17.—Colonel William P. Brown, of New Orleans, who for more than two years has been an important figure in the cotton market, is seriously ill in his apartments at the Waldorf-Astoria. One of his closest friends said Mr. Brown is suffering from pneumonia, though Dr. W. S. Adams, house physician and one of the physicians in attendance, said his patient was suffering from a cold.

Mr. Brown, who is about sixty years of age, was taken with a cold on Saturday of last week, but refused to consider it important and was about, as usual, until Monday, when he suffered a chill, and was forced to take to his bed. He was so ill that Mr. Eugene Scales, who has been associated with him in his market transactions, was not allowed to see him, and in the afternoon Dr. Adams has called other physicians into consultation.

PROTECTION'S FAST STAND.

The fight in congress against the president's trade agreement with Canada is much more than opposition to Canadian reciprocity. It is a battle to hold intact the entire policy of ultra-protection and it has enlisted the protectionist forces in congress and all the protectionist influences outside. It is not freer trade with Canada that is feared, but the breach in the wall. The president did not do much to quiet the general alarm when he quoted with approval Champ Clark's declaration that he was "in favor of reciprocity with all nations," and the most will be made of his honest but indiscreet words. Now comes Congressman Bennett with his Canadian annexation resolution, a peculiarly underhand expedient because it is potential of real evil entirely apart from any effect it may have on the deciprocity agreement in congress.

The whole ultra-protection crowd is out to "break up the game" by any means that it may be necessary to employ. Protectionism in congress and out of congress is making a desperate stand to preserve the tariff wall intact. Even some of the insurgents who have fought with great seeming of consistency and courage for lower duties appear to have cold feet on the proposition with which republican platforms for the last half dozen national campaigns have been baited. It is the president with a few honest tariff reformers of his party and the democrats incongress against the entire protectionist legion in congress and out.

There will be no Canadian trade agreement legalized at this session of congress if the senate hostiles can be brought to the point of daring the president to call an extra session. President Taft has practically staked his administration on the move and it is not apparent that he has kept open a line of retreat. He must win or be thrashed. It is now a question of the best nerve and the president lately has been cultivating a rather choice and exclusive article of that sort.

ANTI-TREATING BILL KILLED.

The "anti-treating" bill introduced in the legislature has been killed in committee and with its passing there died a measure that had a basis of great merit. The custom of "treating," as we know it in this country, exists nowhere else in the world. It is the rule and order of 90 per cent of the tippling in the United States that it be done in company and on a social footing. Let half a dozen down-town bars be selected at random late any afternoon and investigated for observation of this one point and the almost universal extent of the "treating" custom will be demonstrated and impressed.

"Treating" may be a generous social custom, but it is a vicious custom at its best. There is no incident in the whole range of the drinking custom in the United States that so influences excesses as this absurb practice of "treating." It leads to nothing but folly, evil and the culminative woes of radical intemperance. Why one man should feel more frequent impulse to buy his neighbor's drink for him than to buy his sugar, his socks or shoes, baffles sound reasoning. Yet it is so. Half a dozen congenial spirits grouped in front of the mahogany will chase the "treat" around at least once, but frequently twice or oftener. The consequence can be easily guessed. Only the strongest drinkers can stand up under such excesses. The weaker ones crumple under it.

A law that would prohibit treating of course would not abolish the liquor traffic, but it would prevent a vast deal of intemperance of a sort that while not habitual intemperance is so frequent as to amount almost to that in its consequences.

The senate standpats purpose to talk the Canadian agreement to death. That has been done now and then to bills in the senate, but more senators than bills have been talked to death. In this connection it is much refreshment to reflect that some of the ablest jawsmiths opposing the reciprocity measure are not going to come back. That has been effectually and happily attended to by the folks at home, and two years hence a large part of the balance of the reactionary crowd will go to join the numerous caravan of the statesmen who have heard the recall.

There is really no reason why Fort Wayne should not have a "clean-up" day, or two or three of them if one is not enough, and it is not likely to be. It is a good practice that some communities have to move in concert against filth and unsightliness at least twice a year—spring and fall—and create some enthusiasm for cleanliness. Fort Wayne could adopt such a practice with great profit to her health and benefit to her fame. The cleaning campaigns of this sort usually contemplate a work that the municipality is not empowered to perform—work that the householder in natural decency and rational pride of appearrance ought always to do but too frequently does not. Clean front yards, clean back yards, clean alleys, trimmed trees, shrubbery and hedges, painted houses and sheds and stables and all that sort of thing enter into the "clean-up" frolic when it is gone at in the fullness of a right spirit and with the enthusiasm it should elicit.

That half a dozen or more pupils of the Washington school were overcome by what appears to have been foul air argues radical faults in the ventilating system. The school board should have scientific inspection of the building at once. Pupils cannot stay in a school building that has inadequate or no ventilation. Whatever is wrong with the Washington school should be corrected with all promptitude.

Just to show that world peace is no joke Russia is menacing China with war if she doesn't submit to be pawed by the bear that walks like a man. Mr. Adam Zad formerly growled and showed his teeth and peeled his claws at another nation of little Oriental men, but he has quit it. However, China is safe enough if there is no butting in by third parties.

The "Tom Marshall constitution" certainly has put a burr on the tail of the opposition hoss. Indiana republican leaders have not been so deeply stirred since J. Frank Hanly made the republican legislature come to the front and redeem the party pledge on county option.

Senator Borah asserts that anti-negro prejudice is as strong in the north as in the south. The gentleman from Idaho perhaps has allowed Springfield, Ill., and Springfield, Ohio, to get on his nerves a bit.

Let it be noted that those republican states which gave President Taft's administration endorsement last year in their platforms are now furnishing opposition to the Canadian trade agreement.

It will put congress hard to it to get all done and adjourn and stay adjourned. There are but two weeks for it.

FOR THE CONCEITED MAN.

(The Outlook.)

Men detest egotists because they are absorbed in themselves, and that particular form of selfishness is not only offensive, but ridiculous; it takes a great deal of genius to carry off egotism, and no amount of genius can carry it very far. Unless he has gifts of mind, the conceited man is more or less of a bore, and the contrast between what he is and what he believes he is forms a standing challenge to tell him the truth about himself.

Great ability often goes with egotism, but conceit is, as a rule, the besetting sin of the man whose abilities are below the level of his ambitions. Such a man may have good intentions and capacity adequate for good work, but he is rarely taken seriously, and everybody is tempted to puncture his pretensions. Egotism is a fundamental fault of character; conceit is often the superficial weakness of those who lack self knowledge.

ONE POLITICAL JOB $1 A YEAR.

(Washington Post.)

The treasury department has appointed Robert Carson to be inspector of immigration at the port of Perth Amboy, N. J. No great amount of fuss was made over this appointment by the republican leaders of the state, thanks to the fact that the salary of Inspector Carson is fixed at $1 a year. The trouble has been to get some good citizen to serve as inspector at this port. The late incumbent resigned a month ago because the duties were "too onerous." He had to inspect a total of five immigrants who arrived at odd times during the last calendar year, and as he was also health officer, he said he could not continue with so much work and so little pay. Thus it happened that the treasury department called upon Carson to accept the appointment. It happens that he is collectorr of the port, an office which pays just five thousand times as much salary as the job forced upon him, and he is willing to take on the extra work and the additional $1 yearly salary.

MAKING THE SENATE RESPONSIVE.

(Kansas City Star.)

The men, like Senator Root, who are opposing the popular election of United States senators, miss the point. The average man does not care two straws for any theories of government involved. What he does care about is that the senate as at present constituted has failed to be responsive to public opinion. It has represented the interests that were dominant in the legislatures rather than the common welfare.

The move to elect senators by direct vote is an attempt to bring the upper house into line with popular ideals—not to work out any particular governmental theory.

S.S.S.

PURELY VEGETABLE.

THE ONE SAFE BLOOD REMEDY

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way than those composed of strong mineral mixtures. Among the very best and safest of vegetable preparations is S. S. S., a blood medicine made entirely of roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers and the finest of all tonics. S. S. S. does not contain the least particle of mineral in any form, and is an absolutely safe medicine for any one to use. While purifying the blood, this great vegetable remedy builds up every portion of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Constitutional Blood Diseases, and all impurities and morbid conditions of the circulation. It is perfectly reliable and safe for children; and little ones who have been weakened with scrofulous affections or other inherited blood troubles, can take this mild vegetable remedy with good results and without the slightest danger. S. S. S. is unequalled as a tonic; it invigorates every portion of the system, and the healthy blood it creates largely assists in overcoming any derangement of the stomach and digestive system. If you need a blood medicine you could do no better than to take S. S. S. It has been in use for more than forty years and is still recognized as the best. Book on the blood free to all who write.

FOR A RUSSIAN CANAL.

A committee has been formed at St. Petersburg to prepare for the construction of a canal between the Black sea and the Baltic. The engineering project, which has been prepared by M. Rugteschel, is to build a canal with a minimum depth of fourteen feet. The original project was to have a canal thirty-one feet deep, so as to allow the passage of large warships, but the government rejected this on the ground that sufficient water could not be found to feed such a canal.

The total length of the canal from Riga to Kherson is 2,010 verts, a verst measuring 3,501 feet. Of this 485 versts would follow the bed of the West Dwina from Riga to the village of Breshenkovichi. From there the canal would follow a new route for ninety-five versts, joining the Dnieper at the town of Kopius. For the remaining 1,520 versts the Dnieper would be utilized, except at the rapids, where a new canal would have to be excavated.

The Dnieper would require dredging at many points. The Dwina would have to be made into a canal for its entire length and would require fifteen locks. The water would be drawn from the Beresina by a canal 125 versts long.

The cost of the canal is estimated at $150,000,000. The plan is to raise money by bonds on the foreign market, but to exclude foreigners from holding any of the share capital. The government is to be asked for a guarantee, and only Russian labor, material and machinery are to be used. The promoters rely on a gross annual revenue of $16,950,000.—London correspondence. IN THE CHURCHES

ANNIVERSARY EVENT

In Honor of Supt. Cooper, of the Rescue Mission.

Next Sunday will be the sixteenth anniversary of the Christian conversion of George I. Cooper, the superintendent of the Fort Wayne Rescue Home and Mission, and his friends have arranged to hold exercises at the mission on Sunday evening in his honor. Well known mission workers from other cities will be here as speakers. Among them will be C. C. Chapel and G. E. Gage, of Detroit, and L. E. Allison, of Chicago.

Mr. Cooper has had an interesting career and something concerning it will probably be given at the meeting Sunday evening. He was formerly a traveling man. For six years he has been the superintendent of the mission here, and during that time has done a wonderful work in rescuing fallen men. Many are the instances in which he has taken men from the paths of sin, even crime, and placed them on the plane of right living.

He is regarded as among the best mission workers in the country and speaks every year to the convicts in many of the state prisons of the country. A week ago last Sunday he addressed the 1,384 prisoners in the prison at Sing, Sing, N. Y.

PASTORS OF THE CITY

Will Be Guests Monday at Reformed Orphans' Home.

The Fort Wayne Ministerial association will hold its regular meeting on Monday next, at 4:30 p. m. at the Reformed Orphans' home. Conveyances will meet the party at the court house at 3:30. The members of the association will be the guests of Rev. B. Ruf, the superintendent of the home, and Rev. Dr. A. K. Zartman, the pastor of the Grace Reformed church. The program will consist of a paper by Rev. E. M. Todd, on "The Modern Method in Theology," with discussion by the members.

* * *

Give An Entertainment.

This evening the members of the Young People's Alliance of the Crescent Avenue Evangelical church will hold their monthly entertainment and social in the church. The entertainment will consist of readings and musical numbers by the members and will be followed by a "box lunch," the prepared lunch boxes to be auctioned for the benefit of the church improvement fund. Friends over 15 years of age are invited.

* * *

Will Give Concert.

The Ladies' society of the St. John's Reformed church, Circle K, has arranged with Prof. Germann to give a concert at the church on the evening of February 23. This is an annual affair and his concerts are always the very best musical events given in the city. An interesting program is being prepared.

* * *

Was Well Attended.

A large number attended the annual mite box opening Thursday evening at the Trinity M. E. church. The church was beautifully decorated with American flowers. A tiny American flag was given each guest at the door. An interesting program was given.

* * *

Washington Social.

Club No. 7 of the Ladies' Aid society of the West Jefferson Street Church of Christ will hold a reception and social on Tuesday evening of next week in honor of George and Martha Washington in the church parlors. The hostesses are planning for an old time social affair and it will be an enjoyable one.

CHURCH WANTS CARPENTER.

Simpson M. E. Church Can Give Contractor a Job.

"You can say through The Sentinel," said Rev. W. A. Griest, the pastor of the Simpson M. E. church, "that some good carpenter contractor can get the contract for the carpenter work on our new church edifice by applying to myself or to Dr. Englen."

And then Mr. Griest explained that the man to whom the carpenter work had been awarded failed to give the bond required. Hence a new contract for this work will be awarded.

The contracts that have been given are: Structural iron work for $1,125 to Ferdinand Meier; roofing to Welch & Son; wiring to Crosby & Co., and art glass to Flanigan & Biederwig.

The masonary work is now up well above the water level, the walls being over five feet high. Sixteen employes have been at work for the last week or so.

BIRD THAT IS BEES' ENEMY.

Bees have enemies of various kinds like the rest of creation. Every one known that many birds are insectivorous, but all insects do not form the food of any one species.

The bird which has formed a taste for bees is the blue tit, and if a pair of these discover a suitable nesting place in the neighborhood of an apiary it is surprising how many bees will be carried off to satisfy them and their young. Generally their work is mostly felt where queen raising is extensively indulged in, for queens and drones, being largest and slowest on the wing, form a desirable and an easy prey.—Agricultural Economist.

BOARD OF PUBLIC SAFETY

SOCIETY

The benefit bridge given under the management of the young women who form the Junior Orphans' Home club, in Elks' hall, was the chief social event of today and by far the largest card party given in the city in some months. Over two-hundred and fifty score cards were sold at fifty cents each and tables were arranged for over sixty tables. Pivot bridge was played and so far as possible arrangement was made to have acquaintances and congenial friends at each table. The members of the club acted as hostesses for the day and by their efforts all plans for the success of the party were executed. Everything except the refreshments, consisting of ice cream, cake and candies, were donated and the Old Fort Ice Cream company made cost price of their part of the refreshments and Mrs. Schumaker lessened her price for the cake one-third. The Elks donated their hall, the chairs and tables were donations from three furniture companies, Foster's, Fox Brothers and the Pape stores. Mr. Kaag furnished dishes. Prizes were donated by Trenkley and Koerber, who gave a clock, a cut glass comport from Mrs. E. C. Rurode, a handpainted plate from Mrs. Frank Greer, a French mirror from Mrs. C. D. Gorham, silk stockings from Miss Josephine Dinnen. As members of the Junior club supplied the playing cards but few expenses are to be covered by the receipts. The club started out with the hope of raising at least one-hundred and fifty dollars for a fund that will be used in making the children of the Allen County Orphans' Home happier on special occasions than the funds of the treasury would warrant. The young women who acted as hostesses and who form the membership of the Junior club are Miss Evelyn Fisher, president; Miss Bertha Peters, vice president, Mrs. W. A. Campbell, secretary; Miss Alice Worden, treasurer; and Misses Georgiana Bond, Clara Thieme, Virginia White, Alma Dreier, Edna Perrine, Josephine Dinnen, Marguerite Niezer, Jessie Orr, Mabel Hull, Hester and Virginia Bash, Mabel Sites, Helen Peters, Hadji Dawson, Italia Evans and Mrs. Arthur Schreck.

Mrs. Elizabeth Eckart, of East Wayne street, has issued invitations to an afternoon coffee she will give on Wednesday, Feb. 22, at her home.

* * *

The second ball under the auspices of the Scottish Rite Masons for this season, will be given tonight in their beautiful cathedral in Washington boulevard east. There will be no guests other than from the families of the members of the order.

* * *

Mrs. Oliver Jones gave a very pretty party at her home in East Leith street last evening, in honor of Mrs. Robert Lee Cork, who with her husband will move soon to Michigan to live. The guests were friends of the honor guest and there were covers for sixteen at the supper. Bridge was the amusement during the afternoon. The rooms were decorated with small flags, and many red and white carnations. Score cards bore pictures of General Washington. The supper table was decorated with carnations and red candles in colonial glass candlesticks. A silk flag was the gift for high score in the bridge game and Mrs. Cork was presented with a gift to remember the day.

Mr. and Mrs. John H. Bass have returned from a two weeks' stay in Chicago.

Miss Emma Jenkinson has returned from a visit of some weeks with relatives in eastern cities.

Mrs. Clara Goodwin Chapman will be the guest the coming week of Mrs. C. H. Worden and family.

Mrs. S. A. Wood is spending a few days in Angola where she went to attend the anniversary meeting of the Sorosis club.

Miss Katherine Hamilton, of Clinton street, has returned home from visits in New York, Philadelphia and other points.

Mrs. S. B. Fleming went to Washington this afternoon for a few days' stay with her daughters, who are in school near Georgetown.

The young women of the long distance department of the Home Telephone offices are planning to give a dance in Minuet hall on Feb. 20, next Monday evening.

Mr. and Mrs. C. E. Bond, of Fairfield avenue, entertained a few intimate friends of their daughter and her husband, Mr. and Mrs. Edmund Miller, at a bridge party last evening, in celebration of Mrs. Miller's birth anniversary. There were players for three tables. Tally cards and favors were appropriate and pretty reminders of the season.

A party of relatives and friends of Mr. and Mrs. John B. Archer are expected in the city to hear the production of Mr. Archer's opera, "The Red Letter," on February 27 and 28. Mr. Archer's sister and brother-in-law, Mayor and Mrs. John H. Waterhouse, of North Adams, Mass., are expected here some time next week, and Mrs. Archer's brother and wife, Mr. and Mrs. Robert S. Donaldson, of Toledo, O., are also expected.

The Thursday Shakespeare club entertained yesterday at the home of Mrs. Oscar Rhoads, in West Wayne street, with a winter picnic, and a merry time was enjoyed by all. Miss Spurgeon was a visiting guest. The members are Mrs. H. V. Blosser, Mrs. George Trennan, Mrs. Ambler Beck, Mrs. H. Allison, Mrs. Harry Bash, Mrs. George Longsworth, Mrs. A. F. Phillips, Mrs. W. M. Leonard, Mrs. Kent, Mrs. William Pettit, Mrs. Oscar Rhoads and Miss Grace Hogan.

Miss Lillian John, of 425 East Lewis street, entertained last evening a number of friends at a valentine party. Red letters was the game of the evening, hearts and cupids decorated the rooms and a fine supper was served. The guests were Misses Rose Dehne, Myrle Downing, Florence Furgeson, Marie Flowers, Stella Bennigen, Gertrude Kruckeberg, Messrs. Claud Miller, Leo Kehoe, Tom Cheney, Mergel Giles, Russell Stevens and Leonard Mandeville.

Cards announcing the marriage of Miss Helen McKinney, daughter of Mr. and Mrs. John McKinney, of Woodburn, Oregon, to Mr. R. T. L. Guiss, have been received by friends of the bride in this city. The marriage took place on Feb. 12 and Mr. and Mrs. Guiss will be at home in Woodburn after March 15. The bride lived in this city two years and was an assistant at the time in Miss Emanuel's chemist shop. She was a graduate from Purdue.

Mrs. E. J. Bouse, of 1626 Wells street, was the victim of a pleasant surprise on Tuesday when a company of ladies called and reminded her that valentine day and her birth anniversary come on the same day. The time was spent in merry games with a fine birthday feast at the close and besides the hostess the good time was participated in by Mesdames C. M. Goheen, G. L. Fox, Celia Fox, Henry Miller, L. J. Meier, S. Reasor, Mrs. Schell, Mrs. Cotton and Mrs. Hart.

A recent party that has escaped mention before was a surprise on Miss Margaret Palmer, in honor of her birthday anniversary. The young people spent a merry time at Miss Palmer's home, playing games, dancing and at supper were seated at one table which was laid for sixteen. The decorations were green and white in the dining room and pink in the sittingroom. There were present Misses Armella, Carrie and Josephine Bauer, Marie McGuire, Gladys Neireiter, Grace Herman, Ethel Tenney, and Messrs. Emmett Rauner, Julius Storiet, Sylvester Klotz, Philip Tolley, Ralph Schuman, Walter and Andy Palmer.

A number of friends of Joseph Bundy, who are all members of the Degree of Honor lodge, gathered at his home in honor of his birthday anniversary and spent a pleasant time playing cards. A delicious supper was served afterwards. Prize winners at the card game were Mrs. Eva Whiteman, Mrs. Jackson and Messrs Charles Reiber and John Walterick. Miss Mamie Chapman and Mr. Chapman took the consolation prizes. There were present Messrs. and Mesdames Walterick, Chapman, Reiber, Misses Mamie, Beasie and Esther Chapman, Messrs. Wiel and Benjamin Bundy, Mrs. Schmuck and daughter, Orletta, Mrs. Eva Whiteman and Mrs. James Ross.

A number of Miss Lillian Matott's friends enjoyed themselves very much at a pretty valentine party at her home in Horace street, on Tuesday evening. The rooms were prettily decorated with festoons of red crepe paper, hearts, cupids and with red carnations. Games and music contributed to the guests' pleasure. At a game of progressive hearts prizes were won by Nelson Bowser, Hazel Davidson, George Wass, Laura Sibert, Gladys Neasel, Fred Schneke and William Doenges. Those who participated in this good time were Misses Gladys Neasel, Florence Kennedy; Hazel Davidson, Venita Stametts, Esther Noll, Laura Sibert, Edith Koehnlein and Messrs. William Doenges, Walter Gerding, Dale Shroyer, Harold Harris, Nelson Bauer, Alfred Current, George Wass and Lyston Porsing.

Miss Eva Schild entertained the members of a club of young women to which she belongs, at her home in Nussbaum street on Tuesday evening at an extremely pretty valentine party. The supper table was decorated with white candles in crystal holders, red carnations and narcissus that filled a brass basket, and at each cover lay a red satin rose. In the roses were concealed an announcement of the engagement of the hostess to Russell Eshelman, which surprised the company as Miss Schild had kept her engagement a secret from all but her family. Congratulations were cordial and the evening was a happy time for all. The rooms were decorated with festoons of red paper hearts and with red and white carnations. The colors red and white, appeared in the supper and the ice cream was molded in either heart or cupid forms. The guests were Misses Ruth Detrick, Lucy Jeffries, Ethel King, Iva Schild, Josie Lynch, Mary Muldary, Minnie Schwartz, Mrs. Henry Korn, Mrs. Clinton McMaken.

* * *

A Country Party.

Mr. and Mrs. August Daner, of Adams township, enjoyed a gathering of their friends on Feb. 12 at their home as the day was the anniversary of Mrs. Daner's birth. The ladies of the party took well filled baskets with them and later in the evening served a fine supper. Brown's orchestra furnished music. There were present Mr. and Mrs. Christ Ahlschwede and daughter, Mr. and Mrs. Henry Lepper and family, Mr. and Mrs. Henry Kanning and family, Mr. and Mrs. Henry Leppe and son, Mr. and Mrs. Theodore Bearman and daughter, Mr. and Mrs. Conrad Gick and family, Mr. and Mrs. Fred Meyer, Mr. and Mrs. John Gick and daughter, Mr. and Mrs. Henry Brink and daughter, Mr. and Mrs. William Gick, Mr. and Mrs. Fred Gick and family, Mr. and Mrs. Jacob Flaugh and daughter, of Monroeville; Mr. and Mrs. Herman Wiedfeldt, of Fort Wayne; Mr. and Mrs. Fred Bearman and family, of New Haven.

Deininger—Steward.

A pretty wedding took place on Tuesday morning at St. Mary's church when Miss Mary G. Steward and Albert L. Dininger were married by Mgr. J. H. Oechtering, who celebrated the nuptial mass at 9 o'clock. Miss Anna Deininger, a sister of the bridegroom, and Mr. Louis M. Schwartz were the attendants, and a large number of friends witnessed the wedding. The wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Benjamin Steward, who live on the Maumee road, and only immediate family relatives were present. The house was prettily decorated with plants, smilax and flowers. The bride is a capable and sweet looking young woman and Mr. Deininger is a fine young man, a machinist in the Pennsylvania shops. Both young people have many friends. Mr. and Mrs. Deininger went out of town for a few days' trip and they will be at home after the first of March with Mr. Deininger's mother, Mrs. Julia Deininger, at 511 Madison street.

FOR THE BUSINESS GIRL.

PHOTO BY JOEL FEDER.

FROM J. M. GIDDING CO.

The neat little business girl tires of the endless shirtwaist, trim suit of serge or permo, and collar and tie, and any variation from the ordinary bow, sailor's knot, four-in-hand, etc., is warmly welcomed. The blouse pictured furnishes a very new idea. About a yard and a half of ribbon is used to make this tie, which forms a bow under the chin, the two ends being slipped under the waist through a large eyelet and brought out again at an interval a few inches down. The embroideries are blue and white, and the tie is of blue satin, matching the blue of the permo suit, with which it was designed to be worn.

THE BENEFITS OF MASSAGE

In her experienced efforts to improve her complexion it is not uncommon for a woman to massage her face valiantly and entirely without success. Of the benefit to be derived from intelligent massage there is no doubt, but the principles must be understood before the work can aid in restoring firmness to the skin.

Without exception all rubbing should be done with a rotary motion. Occasionally, when a very thorough facial massage is given, the hands may be drawn in straight line from under the chin to the ears, the strokes being firm. But on other portions of the face a direct rub will only pull the cords and muscles, stretching without giving them the power of reacting. Therefore the circular motion is continuous, dragging the fingers up and down until every inch of the face and throat has been gone over.

The Upper Stroke Firm.

Another detail to be borne in mind is that the upward stroke of the circular motion should always be firmer than the downward. This is in order to avoid causing muscles to sag.

Rarely is the palm of the hand used. The best result in stimulating circulation is obtained with the finger tips. Sometimes the thumb and forefinger are enough, without the others, as when kneading the cheeks. For the nose the two middle fingers are best, working in unison up and down the bridge and over the tip, always in tiny spirals.

One of the best methods of improving the contour of the cheeks, filling them out when they are sunken, is to put the thumb within the mouth, holding the cheek firm at the back, massaging then on the outside.

Five minutes' daily facial massage with a cream which agrees with the skin is the best treatment that any woman can give her face, especially in cold weather, when water does not remove all the dust and is likely also to harden and coarsen the skin.

A Daily Cold Cream Bath.

Nothing so quickly causes blackheads as dust remaining in the pores overnight, a condition which massage will prevent. Special attention should be given to the nose where it joins the cheeks, as the angle there makes an ideal lodging place for germs.

Except when massage is being undertaken in the most professional manner, it is not necessary to soak the face first in hot water, to open the pores. Such soaking unquestionably is desirable once a week, as it causes the surface to admit more grease, and the treatment is more thorough.

But were the skin softened in that manner daily, it would soon become flabby, in spite of massage.

It is always wise to follow the application of cream with an astringent, that made from one ounce of gum benzoin, to half a pint of pure alcohol being efficacious.

Seelberg Styles

Every day our cases are rapidly filling with new garments for this coming Spring.

On our second floor you will find beautiful Costumes for evening wear, all in the new Spring shades and fabrics, together with the more simple street dresses in foulard silk, soft taffetas, etc.

An especial mention is made of our skirts for Spring which embody the new graceful lines which distinguish the skirts of this season from those of previous years.

The Coats, Suits and Waists shown on our main floor are ideas taken from the most approved Parisian styles.

The SUITS embrace many new, distinguishing features—entirely new—original—attractive. There are plenty of styles to choose from either in the jaunty one or two button effect, or the more conservative plain tailored style. Prices ranging from $15.00 to $45.00

The COATS likewise, are unusually attractive with their graceful long roll, shawl and sailor collars, with inlays of silk and satin—so many styles that description is almost impossible.

An early inspection affords you the best opportunity for the selection of your new spring garment.

Progression in WALL DECORATING

Not so very long ago artistic decorating was so expensive that only the very richest could afford to have it done.

NOW artistic decorating is within the reach of all. And the fact that it is inexpensive makes it none the less pleasing. In fact the decorating of the present is much more tasteful than that of the last century.

The workmen we employ can make a room beautifully artistic with even a 10c wall paper.

In this decorating department you'll find every new idea presented. Expert advice is at your service. And you pay no more.

It is in the Great Volume

Of business that our profit lies, not in the great profit on the individual item—we have always adhered to this principle. Having just closed the most successful year in our history we open the new year with a campaign of value-giving that must bear fruit—values that with their distinctive style and beauty will please the most critical.

"READY TO WEAR STORE"
Corner 732 Calhoun St.

Our Preparation

For the Spring and Summer Seasons have been the greatest we have ever planned. Spring and Summer goods have been coming in great quantities the past few weeks, and yet every day adds something new, and soon our store will be garrisoned from end to end, with the greatest and best showing ever put forth. If you are ready to supply your spring and summer needs come, if you only want to view the new styles to be, come. It will be our pleasure to "show you through."

We Will Now Devote Our Entire Time to

THE NEW THINGS FOR SPRING AND SUMMER

And we invite you to view a most comprehensive gathering of the new creations in **Tailored, Suits, Coats, Dresses, Waists and Skirts.** Each garment bears a distinct stamp of newness, and shows a welcome departure from the past seasons. Our announcement for today will be most welcome news, as we open the new season with a collection of very special values that no woman should miss seeing, as they cannot again be duplicated for the money, and they are of such attractive styles and beauty that the prices do not represent their actual worth.

Tomorrow a Great Range of Summer Dresses Will Have their First Showing at the Remarkable Price of - - 5.98

We say remarkable, for the values are such that no woman will want to pass them by without coming into possession of at least one of them, as they range in value up to $10.00. They are made of fine ginghams in plain, plaids and dainty stripes, showing the pretty new color combinations. Then there are pretty printed dimities and lawns, and just think, all-over embroidered lingerie dresses. The entire collection reflects artistic designing, exquisite trimming effects and perfect workmanship. A total of 18 styles comprise the assortment. See them before you have your summer frocks "made"—time and trouble will be saved.

GRIP IS GRASPING THE GOTHAMITES

Epidemic of Influenza is Sweeping the Town on Manhattan.

IS MUCH PNEUMONIA

New York, Feb. 17.—The epidemic of grippe here shows no signs of subsidence and health department records show a large increase in the number of deaths from grippe and pneumonia over last year. Inclement and changeable weather is the cause of the unusual number of cases of grippe.

Records of the board of health made public today show that during the month of January there were 753 deaths in New York City from pneumonia. Also there were 152 deaths from grippe. Last year in January grippe caused 47 deaths and pneumonia 709.

HELD ANNUAL MEETING.

The annual meeting of the Fort Wayne Builders Supply company was held in the office of the company Thursday evening and a 6 per cent. dividend was declared. The following board of directors was re-elected: Ferdinand Meier, Henry L. Mollett, Henry Hilgeman, Henry Meinzen, Joseph Suelzer, Jr., J. F. Gumpper and Fred J. Rump. The board in turn re-elected officers as follows: Ferdinand Meier, president; Henry L. Mollett, vice president; John Suelzer, secretary and treasurer. The business of the past year has been the largest in the history of the company and the stockholders were highly pleased with the showing made.

MAY MOVE FACTORY HERE.

Rumor of Change is Current at Huntington.

The rumor is current at Huntington that S. F. Plaster, who recently took over the business of the Collins Ice Cream company, is contemplating the removal of th eice cream manufacturing business to Fort Wayne. The company has maintained a depot here for some years, but its product has all been made at Huntington.

Delicious Barley Griddle Cakes

This recipe is worth cutting out and pasting in your scrap book: Sift together 1 cup of flour, 1 teaspoonful of sugar, 1 teaspoonful of baking powder and a pinch of salt; then beat an egg in one-half cup sweet milk and stir in 1 cup of cold boiled Cream of Barley. Mix in smooth batter and bake on well heated griddle. Serve with butter, syrup or honey.

Cream of Barley is a most excellent cereal food for breakfast, and the "left over" quantity from one day can be used for griddle cakes the next morning. All grocers sell it at 15 cents a package. To prepare an appetizing breakfast porridge, stir 1-3 of a cup of Cream of Barley into a cup and a half of boiling water, salt to taste and boil fifteen minutes.

This makes a dish suited to everybody, either the weak or the strong. It is not a flimsy, tasteless flake cereal; it is solid, substantial nourishment that satisfactorily appeases hunger. Cream of Barley makes an ideal food for dyspeptics as it is easily digested, and if eaten regularly the trouble disappears.

Cream of Barley griddle cakes made according to the above recipe are not soggy, not hard to digest, nor do they heat the blood like buckwheat or corn meal.

STORE TALK AT THE FRUIT HOUSE

It's to you, Mrs. Housekeeper, that we want to talk. It's not the high cost of the article that makes the living expensive, it's the system you have running to the near-by store two or three times a day and paying the very limit of high prices for all your food products. Most of these stores sell you as cheap as they can, they don't own their goods. They use the same system that you do, they run to the jobber three or four times a day, the jobber charges them the long price, you are compelled to pay two profits, the jobber's and retailer's profits. Your dollar will reach clear around the table if you will send it to the store that has buying power.

We own our goods at the low price by buying from the producer in large quantities and car load lots. It's true we sell for cash, but every article in our grocery shows a saving to a cash buyer. We make special prices to quantity buyers.

MACON ATTACKS EXPLORER PEARY

Arkansaw Fire Eater Uses Choice Lot Billingsgate in Speech.

CALLS PEARY FAKER

Washington, Feb. 17.—Representative Macon, of Arkansas, speaking in general debate on the naval appropriation bill in the house last night, made a sensational attack upon Capt. Robert E. Peary, denouncing him as a "faker" and declaring he "should be driven from the naval service."

The bitter words used by the member from Arkansas called out a quick reply from Peary's friends. Representative J. Hampton Moore, of Pennsylvania, after vainly attempting to interrupt Mr. Macon, finally got the floor in his own right.

He characterized Mr. Macon's speech as "unjust, outrageous and offensive." He said there was always some one to be found to suspect every performance by men of genius and courage.

Refers to Hobson and Dewey.

He referred to Capt. Hobson's exploit of the Merrimac and to Dewey's victory at Manila bay.

"Heroes like these," said Mr. Moore, "have not the time to stop and deal with every dog that barks at their heels."

Mr. Macon, who evoked a roar of laughter in the house several days ago by announcing that in using the language, "willful and deliberate liar, dirty little pilferer of words, and contemptible little ass," he had gone about as far as his "fellowship with the Methodist church permitted," added some original phrases to the history of debates in the house last night.

He declared Peary's whole story was "a fake pure and simple." He said his contempt for "fake heroes" was supreme, and he intimated that he put "the hero of San Juan Hill" in that class.

Says Peary Arctic Club Had Lobby.

Mr. Macon denounced the Peary Arctic club and charged that it had maintained a paid lobby in Washington. He said President Taft's judgment in this matter was not to be accepted, for he had congratulated Cook as heartily as he did Peary.

Paying his compliments to the editors of the New York Times and the New York Post, Mr. Macon characterized them as "unblushing know-all-tidbits" and "pea eyed, pin headed, and putrid tongued infinitesimals."

He referred to Peary as a "fur trader," pictured him as "a self-exaggerated, self-opinionated, puffed up near-hero," and finally denounced him as "an unfaithful servant and idle loafer, who ought to be driven from the service instead of being promoted."

Calls Post and Times "Yellow."

Mr. Macon said he had the utmost contempt for human beings so "weak brained," that they were afraid to say what they really thought about Peary, "because they feared some unblushing, know-all tit-bit editor of yellow journals, like the New York Times or the New York Post would call them ignorant blatherskites."

"I pity," he continued, "a man who is so ignorant as to be terror stricken all the time for fear he will be called ignorant by some sap-head, or so cowardly that he is afraid to think his own thoughts for fear some graft loving editor will find out what he is thinking about, and adversely criticize him therefore."

Mr. Macon expressed the belief that Peary and Cook on one of the trips to the north when they were companions, figured out that it would be easy for a man to "fake" a discovery of the pole, and he charged that they both started out at the same time to claim the discovery. He declared that instead of being rewarded with promotion to the rank of rear admiral, as President Taft and the committee on naval affairs have recommended, Peary's feat was, at best, worthy only of a medal like those awarded to Marathon runners.

Moore Praises Newspapers.

Mr. Moore, in reply, said he had great respect for newspapers and newspapermen and he had noted with pride that the press gallery had remained empty throughout the time the gentleman from Arkansas had the floor.

Mr. Moore proceeded to pay a glowing tribute to Capt. Peary, saying that his attainment of the pole had come at the end of twenty-three years of laborious work and unknown hardships. Peary, he said, had brought back scientific information coveted by all the other countries of the world.

Representative Saunders, of Virginia spoke in support of Capt. Peary. He declared there was nothing to uphold Mr. Macon's attempt to discredit Peary's story. Subjected to every test, he asserted, Capt. Peary's story "stands out clean."

A DINNER OF BEAUTIES.

The death within a few days of each other of Mme. Bartholoni and the Baroness Alphonse de Rothschild recalls the famous "Dinner of Twenty Beauties," in which both ladies took part.

The dinner was offered to the Emperor Napoleon III. by the Empress Eugenie in fulfillment of a lost wager, and the invitations were to be the most beautiful women in the French court. It was a cosmopolitan company: Mme. Bartholoni and the Marshale Canrobert, both Scotswomen; Mme. de Gallifet, who was English; Princess Anna Murat, an American; ten French women, two Russians, one Italian, one Hungarian, a Creole, a Jewess (the late Baroness Rothschild) and the Empress herself, a Spaniard.

Now, on the death of the two ladies in Paris recently, the Empress Eugenie remains the sole survivor of that famous dinner.—London correspondence, New York Sun.

GERMAN AMERICAN NATIONAL BANK

The remark most often made regarding the German American Bank is that it is a very much alive institution.

The officers and employes are without exception always looking for and seeking some new way to serve the bank's customers.

If there is something they can do in this direction that they are not doing, they would be glad to have you tell them.

The savings department in this National bank has become one of the features of the institution. It pays 4 per cent. interest on small sums and throws around your savings all the safeguards of the National Banking system.

AT THE MAJESTIC

SPECIAL MATINEE TOMORROW.

An Extra Performance for "The Country Boy."

"The Country Boy," prettily presented by Henry B. Harris, which comes to the Majestic on Saturday, matinee and night, is a comedy of characters. A boy leaves home, mother, sweetheart, to win fame and fortune in New York. Instead of winning anything he becomes infatuated with a chorus girl. Then a strong man grips him, shakes the nonsense out of him and sends him home. The story happens every day and the point of the play is the contrast between the characters on Broadway and those in country towns. Mrs. Stuart Robson, Lois Clark, Kitty Donnelly, Carolyn Elberts, Geraldine O'Brien, Forrest Winant, Jack Horwitz, Stanley Wood, Robert McWade, jr., and Willette Kershaw make all these characters as natural as life and the audiences greet them with applause and laughter. There is always room in Fort Wayne for such a play as "The Country Boy."

SUFFERS SUDDEN ATTACK.

Major G. Will Wilson is Stricken on Street by Vertigo.

While standing at the corner of Calhoun and Berry streets at 4 o'clock Thursday afternoon, Major G. Will Wilson was stricken suddenly with an attack of vertigo and in falling struck the sidewalk so heavily that he suffered a slight concussion of the brain and a cut upon the scalp. He was removed in an ambulance to his home at 821 West Berry street, and by the time the residence was reached had revived sufficiently to walk from the ambulance into the house. Physicians do not anticipate serious results from the attack.

Major Wilson had not been feeling well for some days, but came down town during the afternoon to meet H. R. Kasson, of Chicago, president of the International Paving company, and was engaged in conversation with Mr. Kasson and Henry Hilgemann when the attack came upon him and he fell to the sidewalk.

THIRTEEN WILL BE IN CONTEST

District Spelling Match to Be Held in This City Tomorrow.

THE CONTESTANTS

Although six counties are included in the congressional district spelling contest to be held in this city Saturday, only five will be represented by spellers. DeKalb will not send any contestants. Each county was supposed to send three, the three who won in county contests, but in Lagrange only one speller will be sent. The four counties, Noble, Steuben, Whitley and Allen, will each have three, however. This will make thirteen spellers in the contest. So far as reported to County Superintendent W. A. Beane, of Lagrange, the chairman, who will have charge of the contest, the spellers will be:

Whitley—Maude Betzner, Glen Galloway and Elmore DeVine.

Noble—Fern Moore, Emma Mauger and Beatrice Lasbo.

Lagrange—George Olds.

Steuben—Willis Cox, Iza Boone and Morgan Moore.

Allen—Edith McGonagle, Ella Hemrick and Eulila Martin.

Prof. Henry E. Coe, of Auburn, the county superintendent of the schools of DeKalb county, will be the pronouncer and the judges will be Prof. F. M. Merica, of Garrett; Prof. L. O. Kemper, of Warsaw, and Prof. H. S. Vorhees, of Fort Wayne.

The contest will be held at the auditorium of the high school building. The contestants will meet there before 9 o'clock in the forenoon, as that is the hour set for the contest. Probably the spelling will not be begun until 9:30. The Indiana speller will be used for the selection of words, but if this fails to completely puzzle the spellers resort will be had to other books.

The contest promises to be an interesting and hard-fought one. All of the participants are champion spellers, having in contests held carried off the highest honors of their respective counties.

NEW MAGNETITE LAMP ALL RIGHT

Will Be Standard Light Product of the Electric Works.

YOUNG SHOPMAN BADLY INJURED

L. B. Biggs Caught Under Falling 750 Pound Wheel.

"This is the only lamp that has fully satisfied me," said General Manager J. J. Wood, of the Fort Wayne Electric works, as he explained the mechanism of his new underfeed up draught magnetite lamp to a reporter this morning. "This lamp is so good that the company will discard the down draught magnetite lamp that I have worked on for the past two years and make the new one the standard." Mr. Wood has some tests in progress at the lights and for two weeks one of his new lamps has been in operation in connection with lamps manufactured by the General Electric company, the Westinghouse company and other concerns, including the old magnetite lamp introduced by Mr. Wood two years ago. The tests will be continued about sixty days and they are expected to prove conclusively the superior qualities of the new lamp. At present a dozen or so of the new underfeed lamps are now being built and as soon as completed, they will be installed on the streets and elsewhere to further test them. Some of the General Electric officials were here a few days ago to examine this new lamp.

SHOPMEN IN CONFERENCE.

Assemble at Springfield to Discuss Situation.

Tomorrow a conference of the representatives of the five crafts employed in the several shops of the Wabash system will be held in Springfield. Five of the employes in the Fort Wayne shops left for Springfield this morning. They were Thomas Morris, of the boilermakers; James Lechler, of the machinists; C. W. Koenig, of the blacksmiths; F. J. Schwanz, of the pipefitters, and Mr. Scherer, of the carpenters. They will meet representatives of the other shops and E. F. Needham, superintendent of motive power, and complete some details of the recent wage agreement, which was published by The Sentinel at the time it was effected.

ANKLE BONE BROKEN.

Pony Truck Wheels Dropped on Pennsy Shopman.

L. B. Biggs, a young man employed in the Pennsylvania machine shop, sustained the fracture of one of the bones of his right ankle and had the foot painfully bruised and sprained when a pony truck wheel weighing 750 pounds fell upon his foot. The 'Bus barn ambulance was called and the injured man was removed to St. Joseph hospital, where the company's surgeon is attending him.

FOUND LONG LOST ARTICLE.

Last September Mrs. V. E. Nelson, of Mishawakee, left a valuable gold-trimmed umbrella on Pennsylvania train No. 38, when she left the car at Plymouth to take the Vandalia for home. A week ago a friend suggested that she report the loss to the Pennsylvania police department, which she did, and Captain Stoll got busy. This morning he sent the umbrella to Mrs. Nelson. It was found at Pittsburg, where unclaimed articles are generally taken to await claimants. This is only one of many illustrations of the excellent system for recovering lost articles in practice on the Pennsylvania.

ST. JOHN'S ORPHANAGE.

Pennsylvania superintendents have been reminded by notices from headquarters in Philadelphia of the St. John's orphanage in Philadelphia. This very worthy institution was endowed by John Edgar Thomson, once president of the Pennsylvania, for the daughters of men losing their lives in the employ of the Pennsylvania or affiliated lines. They are taken under agreement with the mother or guardian to the orphanage and given a plain education, taught to cook and sew and do housework.

EXAMINED BLOCK SIGNALS.

President W. H. Canniff and a number of his staff officers spent several hours yesterday and last night in inspection of the block signal installed recently between Dunfee and South Whitley, as previously mentioned by The Sentinel. The stretch of block signal protected line as completed is nineteen miles long and has a block every mile. It is said to be satisfactory. Supt. S. K. Blair and Trainmaster E. S. Kirby accompanied the higher officials on the inspection trip.

NEW TEXAS RAILROAD.

A railroad to be built in Texas by J. F. Terrell, of Chicago, will be a part of the 'Frisco system when it is completed. It will run north from Fort Arthur to Cass county, penetrating a rich oil and lumber territory and connecting above Beaumont with the Frisco's New Orleans line, also with the Frisco's road from Orange, the Kansas City Southern and the Texas and Pacific at Marshall.

RAISED THE TAX LEVY.

The Michigan state tax commission, which has just finished its work of adjusting levies and made its report, has increased the levy on the G. R. & I. $675,000, making the total valuation upon which taxes must be paid $11,025,000. The tax board also advanced the rating of most of the other lines in the state and hit the express companies especially hard.

WILL NOT LOSE EYE.

Boilermaker W. C. Teagarden, who had an eye badly injured at the Pennsylvania shops some days ago by a piece of metal lodging in it, will not lose sight in the optic, as was feared at first. He left the hospital yesterday and says he will soon be able to resume work. Mr. Teagarden has just completed an apprenticeship at the boilershop.

LEAVES THE WABASH.

J. E. Taussig has resigned the superintendency of terminals at St. Louis for the Wabash and has taken a similar position at Houston, Texas, with the Texas Pacific. He was succeeded at St. Louis by J. W. Jones, late train master at Moberly, who in turn has been succeeded by Elmer A. Sollitt, as mentioned by The Sentinel yesterday.

A BUSY BOILER SHOP.

The boiler shop at the Western Gas Construction company's plant has more work than it can handle without overtime work. It is said that orders sufficient to keep the boiler shop in operation eight months are now on the books, even if no more orders are booked. Other parts of the plant are also well supplied with orders.

WHEELS FOR THE GOVERNMENT

Yesterday T. E. Tilley, representing a concern engaged in doing some work for the government, inspected a number of wheels at the Bass foundry. It is understood that the wheels are to be used in connection with bridge work for the government.

WILL VISIT IN EAST.

Boilermaker F. W. Wiehr, of the Pennsylvania, who had the misfortune to lose a couple fingers several weeks ago, is preparing to spend a portion of the disability term with friends in the east. With his wife he will leave for New York early next week.

YARDMASTER MALCOLM BACK.

Charles F. Malcolm, yardmaster of the Wabash, resumed that duty this morning after a ten days' absence. He was in Chicago to attend the funeral of his aged mother.

INDUSTRIAL NOTES.

R. J. Fisher went to Chicago last night on business for the Bass Foundry and Machine company.

Supt. W. M. Waldrop, of the Pennsylvania, is east today on business for the company.

Machinist and Mrs. Ed Paul will leave tonight for New York where they will be the guests for a week of Mr. Paul's sister.

Boilermaker J. J. Haas will go to Lima tonight to spend Saturday and Sunday with relatives. Mrs. Haas will accompany him.

W. G. Besler, vice president of the Central of New Jersey, will occupy a private car on Pennsylvania train No. 9 tonight, en route from Chicago to New York.

Harry Jetmore, of the Wabash shops, suffered a painful injury this morning when he had a long sliver of steel to puncture one of his thumbs. He was compelled to quit work.

Frank Davis, crane operator at the Pennsylvania erecting shop, is kept from his work by the serious illness of his wife. Shopmen A. F. H. Dornte, F. A. Garby, H. F. Dornte and H. J. Wright are off duty on account of being sick.

H. M. Blood, for several months operator of a bolt making machine at the Pennsylvania blacksmith shop, resigned this morning to work in a hotel.

Clifford J. Gidley, an apprentice in the boiler department of the Wabash shops, is at the hospital in Decatur for treatment for a badly injured eye. The ball of the optic was severely lacerated yesterday and the sight may have been destroyed.

W. Tilberry, a retired engineer on the G. R. & I. road, visited his Fort Wayne friends today. Engineer Tilberry commenced work as an engineer on the G. R. & I. January 1, 1873, and continued steadily at work until he reached the age of retirement, a few years ago.

The big ten ton auto truck of the Bowser company ran into a wagon at the Lake Shore freight house yesterday afternoon and put the vehicle out of commission. The chauffeur on the auto lost control of the steering apparatus. Neither of the drivers were injured.

R. E. Newcomber, traveling accountant of the Wabash was in the city this morning conferring with Division Storekeeper H. W. Hurst about some business matters. He left at noon for his home in St. Louis. Mr. Hurst also left the city at noon, going over to the Buffalo division on business for the company.

The building trades section of the Fort Wayne Federation of Labor will hold its annual election and business meeting tonight. This should have been held two or three weeks ago, but was postponed. The cause of the delay was that several of the unions belonging to the division hold their meetings on Thursday evenings and the members could not attend the division meeting.

C. G. Mead, a fluemaker who had an ankle sprained last week; A. J. Bobay, the painter who was off duty on account of the illness of his baby, and E. W. Mitchell and H. S. George, painters who had been sick, resumed work at the shops this morning.

Supt. J. C. Sullivan, of the Wabash, has served notice on engineers that they must sound their whistles in plenty of time to give warning of approach upon a section gang at work. This notice was inspired by a very narrow escape from death of a gang of section men at work on the tracks at a curve a few days ago. The wind was blowing in the wrong direction for them to hear the train and it came near running them down.

Uric Acid in Our Food

Nearly everything we eat produces Uric Acid especially red and lean meats, and if it were not for the healthy blood that flows through our bodies every one would fall a victim to Uric Acid poisoning. Only those with impoverished blood are subject to Rheumatism and Gout. When thin and watery, it admits Uric Acid which in turn settles in the linings of the kidneys, stomach, bladder, joints, bones and even in the muscles themselves, carrying pain and misery with it. Get rid of Uric Acid and you will get rid of Rheumatism. The Great

Golden Crown

Remedy is an antidote to all poisons of the kind. It cleanses and purifies the blood as effectually as good soap and clean water cleanses a piece of linen. In thirty minutes after taking the first dose traces of it are found in the blood and after a few days use the blood becomes thoroughly charged with the wonderful germ destroying and health giving properties. You can actually feel it as it forces the poison out through the pores. Your skin may show slight color and roughness and itch a little for a few days: a condition that need create no alarm as it passes away as quickly as it comes. Three doses will stop the most obstinate case of dyspepsia and a few weeks' use will restore digestion and overcome constipation. Three days' use is sufficient to prove its worth in all such cases. Don't fail to give it a trial. Price 25 cents.

Ladies are no longer obliged to use Face Powder. It only helps for an hour or so, then it's gone. Our Lectro Skin Food produces the same effect as powder, and its effects are lasting. In addition it rounds out the cheeks, tones, softens and whitens the skin with the first application. If one week's use does not make you look five years younger we will give your money back. You should not fail to give it a trial. Large jar, Price 50 cents.

SLOW ONES ARE SCARE

WANTED—One slow ball player. Must not be over four feet two and a half inches (three at the outside) tall, weazen-faced and able to produce evidence that one thought never chased another through his gray matter in a single day. Must weigh not to exceed ninety-eight pounds and be ready to take off weight if required. Absolutely essential that he produce records showing that he never batted over .023 in his life and that his fielding mark was at no time in excess of .374. Men who have ever stolen a base, failed to strike at the next ball after the three first have been called or who have overlooked an opportunity to steal third with the bases full will not be considered.

P. S.—This fellow is not wanted to play ball. If he can be found he will be a freak and good money can be made by placing him on exhibition in the big circuits between December 1 and May 3.

Wouldn't it be a refreshing bit of news to know that somebody had signed a really slow player? But, alas, nobody has. The minor league sport writer, and some of the fellows under the big top, too, dig out that word "fast" from the files late in the fall and they handicap every ambitious youngster they happen to hear of with it.

Along about Jan. 1, Manager A. Blough Ever hears that Bill Perkins down Happy Hollow way struck out thirty-two of the Bear Creek players in one game, has a fast ball that makes Amos Rusie's best look like Frank Dyer's delivery when he had only his glove and a prayer left, is six feet two, hits easily .427 and will burn up some Class B circuit.

This is confided to the Morning Bluster or the Evening Fall, which ever has the next item coming, and then a forty-two point head gives to the eager fans the announcement that a fast pitcher has been signed. There never was a slow one.

It seems never to occur to writers that this big boob was pitching to a lot of farmer boys who couldn't hit a barn door with a grain shovel when he put on that fanning bee and that his reputation is of the home-grown variety that looks bad where the postman delivers letters every day.

Here comes Mr. Perkins, fast pitcher. Along about April 1 he gets the laundry soap and restores both of his rubber collars to that "shiney" stage so popular in districts where all of the able bodied citizens go daily except Sunday to see the evening train come in, puts his other shirt and a few needful articles of clothing in his "telescope," is careful to see that his comb is safe in his upper left vest pocket and 'mid the cheers of the enthusiastic populace he breezes out of town on his way to the majors.

Pretty soon he breezes back, but he doesn't make as much noise about it. If there is a night train he makes it and if there aint he gets off the rear platform. In a few days more he is back at his old job of steering two mules and a plow down a corn row and explaining to his friends that he never got a chance.

There goes another fast ball player. This fast business is beginning to pall. Ninety per cent of the fast ones go back to the cross roads faster than they get out. A great majority of the fast ones expect a brass band to meet them when they arrived upon the scene of conquest. They are looked over by an astute manager and are back to the folks at home before they learn that there is any other material than white rubber to make collars of or that tan shoes with red and green-striped two-for-a-quarter-sox are not the same sort of a scream in organized ball as they are in the tall timber.

Read the Patterson-Fletcher Co. "ad" on page 5 and read it the very first thing that you do.

Irvin Bickford, of this city, assistant foreman on the construction of the new Catholic church at Plymouth, was struck in the face by a brick which fell from the tower of the building a day or two ago. He was painfully bruised but not dangerously hurt.

BERGHOFFS ANNEX AN EASY SERIES

Got Bad Start But Hit High Places in the Second Game.

THE BOWLING SCORES

Following a bad start the Berghoffs annexed an easy series in the first Brunswick league last night, taking the Walkover crew down the line three times in a row. In the opener Eddie Hecht piled up 138 and Tony Haas rolled 129, and the slump of these two bowlers was nearly fatal as the club ran below 800 and won by a rather narrow margin.

Henry Pranger was the best individual performer and he tabbed 217 in his second game. George Stang chased him hard with 215 and these big scores along with some good bowling on the part of the other men sent the total up over a thousand. The scores:

BARACA CLASS WON.

In a game of basketball between the Baraca class of the First M. E. church and the Royal Sons of the West Creighton Avenue Church of Christ, the latter won by a score of 13 to 12. The game was played at the Y. M. C. A. gymnasium.

Joe Raidy has three more "fast" players. They are James Morgan, Alton, Ala., fast third baseman; Joe White, Wheeling, W. Va., fast left-handed pitcher, and Edward Cleary, fast outfielder, Madena, N. Y.

TWO PLAYERS WHO FIGURED IN TRADE BETWEEN NEW YORK AND ST. LOUIS CLUBS

HARTZELL.

JIMMY AUSTIN.

GOTHAM FANS LOATH TO SEE AUSTIN SOLD

Played Good Ball for the Highland Club for Three Years.

That indomitable little bunch of human energy, James "Pepper" Austin, who has played third base for the New York American League club with success, has been traded to the St. Louis Americans for Hartzell.

More than one baseball "fan" will be loath to see him depart. The management of the Highlanders doubtless believes that third base will be well handled this year or Austin would not have been sent to the western team.

Hartzell has played third for St. Louis, and with some cleverness. On the whole he has not played the position with as much accuracy and with the same ability to cover ground as has been indicated by Austin.

While the skill of Austin had been put to the test and well proved on more occasions than one, it is pretty safe to say that none of his friends in New York ever really saw the young man's ability so well demonstrated last season as it was in the post season series with the Giants.

It is not necessary to state that his work was so fast and of such certainty that it won admiration for him in more than one quarter where he had been considered an average player. Some of the hot shot which he handled in that series was handled so well that Austin became a factor among third basemen of the American league.

He is not a strong batter, yet he has improved since he has been in New York, and more than once last year a timely hit by the little fellow had a favorable bearing on a game in which the Highlanders were concerned. His batting is something which he can improve, and with his persistence he is likely to develop into a capital player for the St. Louis club, which assuredly needs strengthening.

Laporte has also been transferred to the St. Louis club. It is rather certain that he will play second base for the Browns, and with Austin at third and Wallace at short St. Louis will enter the race of 1911 better equipped than when the season began in 1910.

UTILITY MAN IS TO REPORT HERE

McLafferty is Purchased Through Heilbroner Agency from Kalamazoo

MITCHELL IS LOST

M. L. Lafferty, 25 years old, first baseman and utility infielder, has been bought by Claude H. Varnell from the Kalamazoo team of the Southern Michigan league through Louis Heilbroner's agency.

This fellow played with Lynn, Mass., in 1907, with Flint, Mich., in 1908 and with Kalamazoo the two following seasons. He hit .262 his first year out, .239 the next year and .233 last season. He has a good arm and knows something about inside ball.

This purchase indicates that Mr. Varnell is still a bit bothered about the first base proposition. McLafferty did his best playing on the first sack although he played at short most of last year. In event nobody else is secured he will be given a trial at the place and if he makes good a big proposition will be out of the way.

Jack Morrisay, owner and manager of the Lansing team, says that McLafferty knows more about inside ball than any player in the league and that he ought to make good in the Central league. Harry Martin played with him at Kalamazoo and he also gives the player a boost.

Information has been sent out that Pitcher Mitchell, included in the list that Varnell thought he had bought from Detroit, has been turned over to one of the Southern Michigan teams. This may be true, but it's a good bet that Fort Wayne will get something as good or better.

Detroit will take some recruits on the training trip and they will be conditioned when the team gets back to the north and it is likely that the best of these will find their way to Fort Wayne.

PERU HERE TONIGHT.

Will Play Against Concordia College at Basketball.

What promises to be the best game of the season will be pulled off at the Concordia gymnasium tonight when the local boys stack up against the fast Peru Y. M. C. A.

The visitors have beaten all comers among the vanquished being such strong teams as Rochester, Earlham college and Wabash A. A. twice. Only last week they piled up a score of 105 against the Delphi team and thus beat the season's record of 87 points.

Manager Sauer has his team down as close to perfection as a team of boys can be. Constant practice with signal drills has made the local team quite invincible. Schmidt, the clever little forward, who was injured in the Lima game two weeks ago will again be in the game, and Acker, center, is at last rid of his injuries.

The success of the St. Paul's Walther League against the Seconds has brought other teams to picking up courage and the Zion's Walther League five will stack up against them in the preliminary.

Owing to the early departure of the train which carries the Peru team home, the main event will be pulled off at 8:00 p. m.

HIGH-CLASS YOUNGSTERS.

Two pitching records were made last season that will probably stand for many years. The fact that neither has ever been approached since the organization of the National league makes it look fairly certain that it will be a long time before they are equalled. The figures in the case have been eclipsed more than once, but never under the same conditions.

Russ Ford, of the Yankees, and King Cole of the Chicago Cubs, are the holders. That both should make their records in the same season was something of a coincidence. Appearing in fast company for the first time, these two remarkable young performers both won more than 80 per cent of their games.

Winning eight out of every ten games pitched is a wonderful record for any pitcher. Only the very best have turned the trick. Since the organization of the National league back in the dark ages not more than a handful have won that proportion of their games. Meaning, of course, only those pitchers who took regular turns in the box.

Only three have piled up a winning percentage of .800 or better in the American league. Bill Donovan won .862 of 29 games for Detroit, 1907, and Bender and Ford winning .821 and .813 respectively, in 1910. The .800 pitcher hasn't been so scarce in the National league. A. G. Spalding (twice), Charles Radbourne, W. Hoffer James Hughes, Jack Chesbro, Joe McGinnity, Sam Leever, Ed Reulbach (twice), Christy Mathewson and Howard Camnitz all belong to the honor class.

CARSON INSISTS UPON HIS FINES

Players Must Pay Before They Can Take Part in Another Game.

THE CENTRAL LEAGUE

Out of South Bend, which ought to be a hotbed of reliable Central league news, comes the announcement through the medium of the ever-ready-to-fall-for-it Chicago papers that every fine must be paid before the players against whom they were assessed last season will be allowed to play next season.

Now, aint that awful, Marguerite? Fines assessed against players in the Central and all other protected leagues must be paid before the players mulcted can take part in any game, therefore, if the doctor didn't get his money last season he violated the rules.

What was probably meant is that Larry Lejeune will not be allowed to play any place until he settles a fine for slapping Umpire Augur at South Bend the day before the season closed. Lejuene very wisely dug out to save a fine that would have been assessed against him in a criminal court. Augur fined [illegible] him his salary and the league had no [illegible] to play and he didn't play in that anyhow, so the fine is still standing on the Central league books.

Mr. Lejuene must settle, however, if he expects to play organized ball in 1911, as he is not eligible until his fine is all wiped out. For the first time in its history the fines stood through the winter meetings and the players have been taught a salutary lesson. Attacking umpires and other misconduct on the field is not to the liking of the patrons and when the players learn that they must pay dearly for such breaches of the rules and that their money will not be returned to them there will be less of it to contend with.

* * *

Wheeling is said to have refused an offer of $2,000 for Servatius, Lewis and Bull Durham, bought from the McKeesport team. Bill Phillips is alleged to have made the offer and there was a chance for a nice stroke of business if this is true.

These three men with four others cost the Wheeling team only $1,050 and if the owners had a chance to sell the three at the figure named it certainly was rather an unusual occurrence in minor league ball. Phillips got nothing more out of his trip to Wheeling than the promise of any surplus players the Stogies might have.

* * *

This Prysock lad down at Zanesville has at least learned one thing about baseball. He has taken up the fashionable spring custom of holding out for more pay, and has not affixed his signature to a contract.

The item does not say how much was offered him, but it's a cinch it was enough judging by the showing he made in his short experience of last season.

* * *

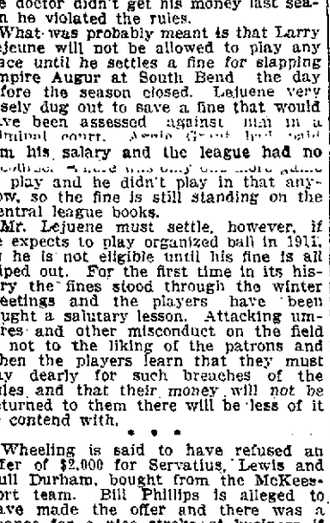
Ed Smith says it won't get him anything and Bert Annis asks what's the use? and as a result there will be no "Champions" adorning the front of the South Bend shirts this season.

Wheeling did that last season and finished in the cellar and if there is one mark for the fans to shoot at it's this champion business on the shirts of a tail-end aggregation.

Smith does not expect to finish in last place this season, but if he does he expects to save his players the sarcasm that would naturally be directed against them if they were branded like the Stogie outfit of 1910.

DOYLE BECOMES NATIONAL UMPIRE

Changes have been made in the staff of National league umpires for the season of 1911. Robert Emslie, dean of the corps, has been made a substitute, and O'Day is now a regular judge of play of longest service in the organization. The newcomers are Finneran, last year of the Eastern league, and "Jack" Doyle, a former player of the Giants.



DOYLE.

The appointees for 1911 as made by Thomas J. Lynch, president of the National league, are as follows: Henry O'Day. W. J. Klem, J. E. Johnstone, Charles Rigler, William Brennan, Mal Eason, W. F. Finneran and John Doyle, active umpires; Robert Emslie, substitute.

The appointment of Doyle is a mark of broad minded sincerity on the part of the league president, as Doyle at one time offended Lynch, who was then a National league umpire, so gravely that Lynch attacked him personally on the playing field.

Pickups From the Sport World

Glenn Coakley, a local fighter, got a draw in his match at Vincennes with "Rube" Wenner, of Muncie.

Manager Montgomery evidently intends to play in the Wheeling outfield, as he has sold Cecil Gray to Bill Phillips at Youngstown.

R. F. Cummins, of the Bluffton team, is sending out contracts to the players under reserve and says that the club will be maintained in the Northern Indiana league this season.

Adams, a Texas youth, of whom much is expected by the Cleveland management, is only 19 years of age. He is blessed with an abundance of nerve, however, and all think he will prove a sensation back of the bat in the majors.

Frederick "Cy" Alberts has sent his signed contract to Terre Haute and says he will be there with the jinglers this season. Bobby Grogan has also gotten into the contract fold and announces that he is glad he didn't have to go to Vancouver.

"Mum" Warrender, ex-Tot, has been purchased from the Kalamazoo Southern Michigan Association club by the East Liverpool O.-P. leage team, confirmation of the deal being made in Secretary Farrel's bulletin.

Heine Deiters, former third sacker of the Wheeling Stogies, has written to A. P. Rogge, one of the directors of the Zanesville Baseball company, asking for a chance. Heine formerly played with Zanesville when the Buckeye city had a team in the P. O. M. league.

Birmingham, the Cleveland player has friends in the stands who each day cry to him "stand nearer the plate." Joe hates to be told how to play by fans and invariably drops still further away from the plate. Ball players the world over are loath to receive instructions from fans.

Jimmy Hamilfan has fallen into line and hooked up on the matrimony league. Several ball players living in Dayton turned the trick earlier in the winter, and it looked like the wedding season was over until Jimmy secured a license to marry Miss Inez Vallendrey, 18, yesterday.

President M. E. Cantillon of the Minneapolis American Association baseball club, wired from Chicago today that the formal release of Red Killifer has been made by Washington and the player has signed his Minneapolis contract. Killifer will play shortstop in place of Altizer, who goes to Cincinnati.

A stir was caused in baseball and political circles when it became known that Ben C. Adkins, until a week ago part owner and vice president of the St. Louis Browns, has resigned as city water commissioner, following what was virtually the beginning of an investigation into the purchase of water meters. Adkins was slated for the presidency of the Browns when a syndicate of local promoters held an option on President Hedges' stock.

What to Do for a Sickly Child—Trial Free

Many a mother has written thanks after following these suggestions

It has always been a mooted question just what to do with an ailing child, for mothers disagree and few doctors specialize in it. But this much is certain, that in the majority of cases faulty bowel movement is at the bottom of the trouble.

The first thing, then, to do with a complaining child is to give it a laxative, not a mere fruit-stew or such thing but a genuine, scientific laxative. Many are recommended but few have been found worthy. Among the latter none stands out more prominently than Dr. Caldwell's Syrup Pepsin, which mothers in all parts of the country have used for a generation.

It can be obtained of any druggist at fifty cents and one dollar a bottle. No child will refuse it as it is not a bad-tasting and violent cathartic pill, but a mild, gentle, non-griping liquid. It has also tonic properties that strengthen and tone the little stomach and bowel muscles so that they begin to do their work naturally again. Mrs. Ella N. Williams of Wathena, Kas. and Mrs. Emma Blakenship of Bedford, Ind., always give their children Syrup Pepsin.

If you hesitate to get even a fifty cent bottle and do not care to ask your neighbor about it (who probably is a user of Syrup Pepsin), then write Dr. Caldwell and he will cheerfully send you a sample bottle free of charge, and in this way you can make a test without personal cost. Simply send your name and address to the doctor. A great many thousand mothers have had a free sample in recent years, gave it to the children according to directions and now have healthy, romping youngsters.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

Busher Called Latham Down and Put Crimp in His Talk

Arlie Latham is generally conceded to be the premier mirth provoker of the old league, and Herman Schaefer is the only personage who seriously disputes his title for the national honors. Arlie was never very particular whom he made the brunt of his comedy stuff, and one instance is recalled where the diamond clown came off second best in a choice bit of diamond repartee, and this, too, in a tilt with a rank "busher."

During the course of a spring training trip, the Giants stopped off at Norfolk, Va., for a couple of games, and it was during one of these that Arlie "got his." It will be remembered that McGraw had created the position of official coacher, and funnyman on the New York club, absolutely for the purpose of helping his old teammate Latham out. Arlie being about to be elected a member in good standing of the down and out club, Arlie had taken a shot at everything following his decline as active player, and didn't even get to first base in any of them. He first tried to fool 'em as a manager, and then as an umpire, and later as a scout, but was caught with the goods in every instance and made to apologize.

On the particular day in question Mathewson was pitching, and naturally there was a large turnout of the folks. Arlie was having one of his good days pulling off his stock stunt, the imitation of a monkey and getting away with it. After a while this played out and he decided he would have a little fun at the expense of some of the home boys. Norfolk was trying out a recruit battery against the big leaguers, and Arlie thought that he would "kid" the bush pill-pusher a little. So he opened up, addressing his remarks to Win Clarke, the manager.

"Where did you get this joke, Win?" Then to the pitcher: "I'll bet the old folks on the farm were sorry you left home, old boy; you look like you could do two or three men's work." None of the players exactly relished this choice bit of nagging and play to the crowd, it being a practice game that was virtually "in." They didn't like the idea of making a young fellow just breaking in the goat, for they knew what a tough time any young player has his first year out.

This kid didn't seem to be a bad sort, either, and was getting away in good style. Several of them told Arlie to "lay off the kid and chop the farmer's almanac guff," but Arlie was just a little piqued that his well chosen remarks had failed to rattle the youngster, and kept pecking away at him.

Finally "Red" Murray got a hit and Arlie sang out anew: "Well, he ain't what the papers said he was. Why, say Steve, you're playing hookie from the plow."

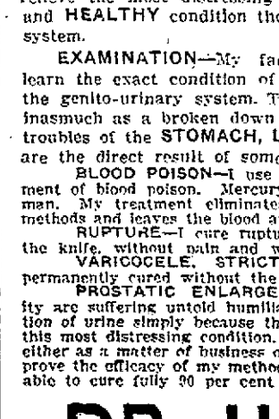
For the first time the recruit replied, and for impromptu repartee it is a gem.

"What, are you out there yet, you old ruin, trying to fool 'em, when you're old enough to die? Here comes McGraw, so you'd better pepper and earn your little 30 cents to keep you out of the old ladies' home."

Roars from the Giant players.

The Secrets of Success DR. HARDMAN, Specialist

FOR THE BENEFIT OF THE AFFLICTED AND THE PUBLIC IN GENERAL, DR. HARDMAN EXPLAINS THE SECRET OF HIS PHENOMENAL SUCCESS IN THE TREATMENT OF PELVIC, NERVOUS AND CHRONIC DISEASES.



CAREFUL and THOROUGH EXAMINATION—This is of the highest importance, because it is an impossibility to successfully treat these CHRONIC and DEEP SEATED diseases until their exact condition is fully determined.

ORIGINAL METHODS—I long ago discarded the ancient and entirely inadequate methods that time and again have been proven useless; but which so many doctors use because they know of no other, or do not take the trouble to discover effective ones.

EXPERIENCE—For nearly 15 years I have made a special study of a few diseases instead of trying the impossible feat of mastering them all. This has given me the opportunity of making extensive investigations, the result of which is a superior knowledge of these special diseases, thereby enabling those whom I do treat to obtain CURES where they have heretofore gotten only failures and disappointment.

SYSTEMATIC TREATMENT—System is necessary in all business in order to make it a success, and nowhere is it more important than in the treatment and cure of disease. Each patient is given a course of treatment and I carefully see that this is carried out, systematically and thoroughly, instead of leaving all for the patient to do.

PERSONAL ATTENTION—I see and treat every case myself, instead of leaving their treatment to hired assistants; who are usually hired either because they are cheap or because of their ability to get the patient's money.

Analyze the above and you will readily see why I have been so phenomenally successful, and why I have so many cured and satisfied patients who are always glad to attest to the satisfactory results they have obtained at this office. Come in and ask to see some of the many letters which I have as proof of my ability. It costs you nothing to consult with me and may be the means of saving you years of suffering and humiliation.

Every man who does less than he should at his desk, in the shop or on the farm is weak in some way. I have found that the man who is unable to accomplish all that he hopes or expects is often the silent sufferer from some hidden chronic or pelvic disease that is affecting one or more of the important nerve centers of the body.

NERVOUS BREAKDOWN and nearly all nervous diseases are the result of CHRONIC or imperfectly treated PELVIC DISEASES. My special methods of treatment not only quickly and permanently relieve the most distressing symptoms, but restore to a NORMAL and HEALTHY condition the broken down and devitalized nervous system.

EXAMINATION—My facilities for examination are unexcelled. I learn the exact condition of the rectum, bladder and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken down nervous system and many more of the troubles of the STOMACH, LIVER, KIDNEYS, etc., are reflex, and are the direct result of some pelvic lesion or disease.

BLOOD POISON—I use serums and vegetable drugs in the treatment of blood poison. Mercury and mineral poison have ruined many a man. My treatment eliminates the poison in half the time of the old methods and leaves the blood and tissues free from any taint of disease.

RUPTURE—I cure rupture in a few treatments without the use of the knife, without pain and without loss of time.

VARICOCELE, STRICTURE, PILES, FISTULA, etc., quickly and permanently cured without the knife and without detention from business.

PROSTATIC ENLARGEMENT—Hundreds of men in every community are suffering untold humiliation and torture from pain and non-retention of urine simply because they have not been able to obtain relief from this most distressing condition. You cannot afford to neglect yourself, either as a matter of business or personal comfort. My many testimonials prove the efficacy of my method. I reduce the enlargement and have been able to cure fully 90 per cent of all cases.

DIABETES

We have the following unsolicited letter from James T. Douglas, Harrisburg, Oregon:

Harrisburg, Oregon, June 25, 1908.
John J. Fulton Co., Oakland, Cal.

Gentlemen: I have had Diabetes for over two years and was almost in. Was very weak and could hardly walk. A friend of mine told me of the Fulton Diabetic Compound, and I have now taken thirty bottles and am feeling fine, and can say that I am sure if I had not gotten relief in some way I would now have been under the sod. Hence, I can speak for your compound. It did the work for me. What will you charge me for three dozen? Yours respectfully,

JAMES T. DOUGLAS.

Another—Same mail brought a letter from R. B. Flickling, the druggist in Blackville, S. C., from which we quote: "I have had a customer who had Diabetes in its worst stages. I have gotten him out of bed on the Diabetes Compound and have run out. Send duplicate of last order."

Diabetes is rated the world over as incurable, but recoveries are being reported daily through Fulton's Diabetic Compound. You may ask how it is possible for a person to recover under the Fulton treatment when medical text books admit they have nothing for it.

Let us say in reply, that when the late John J. Fulton discovered he had Bright's Disease and that the text books had no specific for inflammation of the kidneys, which was the real difficulty, he set out in a new direction to evolve an emollient that would reduce inflammation in the kidney tissues. He worked it out and inflammation of the kidneys all along the line from kidney trouble to Bright's Disease, even in the chronic forms, is now curable in about eighty-seven per cent of all cases.

Diabetics took it upon the theory that as Diabetes is an impairment of functions that are closely related to the urinary processes, it ought to get results in that trouble, too.

It did, but much more slowly than in distinct kidney trouble. This led to a modification of the treatment for Diabetics, with the result that Diabetes is also curable in nearly nine-tenths of all cases in people of middle age and upward. (Kidney disease commonly responds in all ages.)

For Kidney Disease, ask for Fulton's Renal Compound.

For Diabetes, ask for Fulton's Diabetic Compound.

Patients whose cases do not respond are requested to write John J. Fulton Co., San Francisco, Cal.

IVRY'S NOVEL FIRE ALARM.

M. Jules Contant, the mayor of Ivry, is taking precautions for the safety of his jurisdiction against fire which have not received unanimous support.

He has set up a powerful siren, not at all unlike, as far as sound goes, those in use on the great liners. The alarm can be heard anywhere within a radius of six kilometers, or nearly four miles. The apparatus is not worked by steam, but by electricity. The principal ground of objection to the mayor's proposals seems to have been based on prejudice—that the siren sounded at night would disturb the slumberers of Ivry. The mayor, however, requires some stronger reasons before he gives heed to the malcontents.—London Daily Globe.

RACE HATRED IS STRONG IN NORTH

Anti-Negro Feeling as Bad Above as Below Mason and Dixon Line.

Washington, D. C., Feb. 17.—That prejudice against the negro is as intense in the north as in the south and that the north plays the hypocrite in its contentions to the contrary was boldly and bluntly asserted in the senate yesterday by a republican senator.

The speaker was Senator Borah, of Idaho. His declarations regarding the negro were made at the close of a prolonged speech in opposition to the Sutherland amendment to the senate resolution providing for the election of senators by popular vote. That amendment would have the effect of giving congress control of senatorial elections.

The Idaho senator's pronouncement on the race question was made in response to the recent assertion of Senator Root that without the Sutherland provision the resolution would deprive the southern negroes of federal protection in the exercise of the franchise. Mr. Borah dissented from the New York senator's view.

Congress Still Could Interfere.

Mr. Borah already had spoken for almost three hours when he entered upon the consideration of the effect of the Sutherland amendment on the race problem of the south. In his general remarks he contended that as the resolution stands, notwithstanding it gives the state legislators control of senatorial elections, congress still would have the right to interfere in protection of any citizen whose right of franchise had been interfered with.

The Idaho senator expressed deep regret that the race question had been brought into the controversy and asserted its introduction was intended only to imperil the resolution. He began this part of his address by paying his respects to the northern states.

"I wonder how long the north is going to play the hypocrite and the moral coward on this question," he said. Then he added that that section always had assumed more wisdom and more tolerance in dealing with the problem than had been displayed elsewhere. He insisted that a call of the roll of the northern state in which there is any appreciable number of negroes would demonstrate the north had not dealt more leniently with the negro than had other sections.

Prejudice Shown in North.

"The northern states have exhibited the same race prejudice that has been shown elsewhere," he asserted. "In the north we burn the negro at the stake and there, as in other sections, we have our race wars. We push our negroes to the outer edge of the industrial world. We exhibit the same prejudices, the same weaknesses, the same intolerance that is apparent in the southland."

Mr. Borah declared that if congress had power under the existing provision of the constitution, giving congressional control over senatorial elections, it should be exercised.

"If that right exists, the north has the greater obligation under it, because it makes claim to it," he said. "We assert the power but we admit we have not had the moral courage to exercise it."

For himself he denied the existence of any such power, and said he resented such a position because of the position in which congress was placed by it.

The race question, Mr. Borah said, had been brought into the discussion "in the fond hope that it would do service in defeating the resolution as a whole." He declared it had been used for a similar purpose for the last thirty years.

Used as Political Football.

"The negro has been used as a political football about as long as our own sense of decency and his developing intelligence will permit," said Mr. Borah. "We should no longer mistreat him, but we should have the courage to inform him as to the real situation. It does not benefit him to make him the subject of our sophomoric rhetoric. The colored race has advanced to the point where we will dispense with the perennial distribution of soothing sirup and give them solid food in the way of facts. We should tell him the truth and conceal nothing.

"The negro is beginning to realize the white man of the north is of the same race as the white man of the south, and that in his blood is the virus of dominion and power. He should know that while his slave chains have been broken the chains of industry are being forged around him, and will continue to hold him unless he himself can break them."

Would Leave Decision to States.

Mr. Borah contended that as the states are most vitally concerned in the matter of the election of senators, better results could be obtained by leaving the matter of elections to the various states. The deadlock in New York, Iowa, Colorado and Montana and the condition in Illinois, which, in connectio with the Lorimer case, had been brought into the senate as an aftermath, were pointed to as corroborative of his contention that an improvement could be brought about through popular elections.

Mr. Borah decided not to insist upon keeping the senate in continuous session until the direct election measure is disposed of.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Feb. 17.—Heavy rains weakened the wheat market today. In particular, there was a thorough drenching of the whole of Kansas, where the drought was regarded as effectually broken. Cables, too, were disappointing to the bulls. At Liverpool, little or no response was made to the strength yesterday on this side, the chief influence in the English market being the enlarged amount of shipments from the Argentine republic. Opening prices here were ⅛@¼c to ⅝@¾c lower. May started at 91½c to 91⅝c, a decline of ¼@⅜c to ⅝@¾c and fell to 91⅜c.

Corn eased off a little with wheat at the outset, but afterward developed strength on account of the wet weather interfering with deliveries and sales by farmers. May opened a shade off at 48¾c and rallied to 49⅛c.

Although trade in oats was small, the market became firm on buying for a local speculator. May started a 16th to ⅛c up at 31⅝@31¾c to 31¾c, but reacted to 31⅝c.

Provisions gave evidence of being affected by a rising tendency in the hog market. First sales were 5c higher to 2½c down with May options at $17.52½ for pork, $9.40 for lard and $9.40 for ribs.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Feb. 17.—There was a resumption of yesterday's selling movement at the opening of the stock market today. United States Steel and Union Pacific had wide openings, the latter declining a maximum of ⅝ on sales of several thousand shares and Steel falling ¼. Missouri Pacific lost a point, but quickly recovered to ½ over last night's close. Chesapeake & Ohio dropped 1⅜.

Speculation was nervous and with a yielding tendency. Following the opening there was a general improvement in which Chesapeake & Ohio made up its initial loss, but the higher prices brought out more abundant offerings and the market sagged sharply.

Reading, United States Steel and Union Pacific were sold extensively, but these issues and the market in general returned to last night's level or above before the expiration of the hour. Missouri Pacific rebounded from 56¼ to 58. Wisconsin Central broke 2¼c.

The feature of the market during the morning session was its resistance to continued selling, in contrast with the marked weakness displayed yesterday under similar conditions. Bear pressure was met with support of a significant character and the shorts hastily covered, carrying prices substantially above yesterday's closing. Some selling was induced by the announcement of the illness of a leading capitalist, but when an authoritative statement was issued declaring that it was not of a serious nature the upward movement assumed greater headway. Stocks in which the family interest is reported to be very large were the strongest in the list. Amalgamated Copper, New York Central and St. Paul gained about a point and United States Rubber more than 2. Bonds were steady.

Moderate profit taking caused an average reaction of about a half point in the favorite stocks, but there was no sign of the early nervousness.

Reading was sold in blocks of 500 to 4,000 shares and went down over a point from its high level to near the low figures of the morning. Other representative stocks also gave way fractionally, but the whole market stiffened again at 2 o'clock. Minneapolis, St. Paul & Sault Ste Marie was in brisk demand and gained 2 points.

The market closed active and strong. Highest prices of the day were recorded in the final hour when Reading, Lehigh Valley, Union Pacific and United States Steel advanced briskly and sold a point above yesterday's closing on long buying and short covering. The underlying strength of the list bespoke earnest speculation.

TOTS FALL INTO DITCH; ONE DIES

Hilda Schroeder, Aged 5, is Drowned in Open Sewer.

BROTHER IS RESCUED

Hilda Schroeder, 5 years old, daughter of Mr. and Mrs. Fred Schroeder, of Glasgow avenue, met death by drowning in fifteen feet of water in an open ditch in the rear of the Schroeder residence shortly after 3 o'clock Thursday afternoon. Alvin, 3 years old, a brother, who had also fallen into the ditch, was rescued.

Hand in hand the little tots were at play along the ditch, which carried a heavy stage of water, and when the boy threw a stick into the water he became overbalanced and fell into the ditch, dragging his sister after him. Their screams drew the attention of the father, who was at work in the barn, and he reached the spot in time to drag his little son from the water.

The little girl was not in sight, however, having sunk almost at once in the muddy stream. After assistance had been hurriedly summoned the parents of the children improvised an apparatus by attaching a number of hooks to a line and with a hatchet to make it sing began dragging the ditch. In a few minutes one of the hooks had caught in one of the child's stockings and her lifeless form was drawn upon the bank after she had been in the water fifteen minutes. Dr. E. F. Magenheimer and Dr. J. H. Gilpin worked for an hour in the fruitless effort to resuscitate the child. The dead girl was one of a family of five children.

Two models Overland outside show for demonstrating. Come, ride with us. Bachelor.

REMOVAL

We wish to advise our many patrons and friends and the public in general that we have sublet our store on which we hold a long term lease and have moved to the second floor over our former store and that of J. H. Young, the Jeweler.

We had these floors fitted up especially for our business and will have twice the amount of room which our increasing business required.

We cordially invite the public to visit our new warerooms. Watch the newspapers for further announcement.
